## Wisconsin income tax for nonresidents and part-year residents

### What's New

Some of the major changes taking effect for taxable year 2000 are:

- **School property tax / rent credit.** A credit of up to \$300 is available for 2000 to part-year and full-year Wisconsin residents. See page 20.
- **Married couple credit.** The maximum credit is increased from \$350 for 1999 to \$440 for 2000.
- **Standard deduction.** The standard deduction is increased. The increase is reflected in the Standard Deduction Table on page 31.
- **Deduction for exemptions.** Generally, a \$600 exemption is allowed for a taxpayer, his or her spouse if married filing jointly, and each dependent. An additional exemption of \$200 is allowed to a taxpayer and his or her spouse if they are age 65 or older. See page 19.
- **Lower tax rates.** New tax rates range from 4.73% to 6.75%.

### Tax Filing Tips

- If you changed your domicile from Wisconsin during 2000, be sure to complete the Legal Residence (Domicile) Questionnaire on page 33 and attach it to Form 1NPR.
- Be sure to include your social security number(s) on Form 1NPR.
- Check and double check your math.
- Attach a complete copy of your federal tax return and any other required schedules.

## General Instructions

### Am I a resident, a nonresident, or a part-year resident?

The following will help you decide.

**Full-year resident** You are a full-year resident if you are domiciled in Wisconsin for all of 2000.

**Nonresident** You are a nonresident if you aren't domiciled in Wisconsin for any part of 2000.

**Part-year resident** You are a part-year resident if you are domiciled in Wisconsin for part of 2000.

### What is domicile?

Your domicile is your true, fixed, and permanent home where you intend to remain permanently and indefinitely and to which, whenever absent, you intend to return. It is often referred to as "legal residence." You can be physically present or residing in one locality but maintain a domicile in another. You can have only one domicile at any time.

Your domicile, once established, is never lost unless all three of the following occur or exist:

- You specifically intend to abandon your old domicile and take actions consistent with such intent, and
- You intend to acquire a new domicile and take actions consistent with such intent, such as those listed in question 7 of the questionnaire on page 33, and
- You are physically present in the new domicile.

Your domicile does not change if:

- You leave your home state for a brief rest or vacation, or
- You leave your state of domicile to complete a particular transaction, perform a particular contract, or fulfill a particular engagement, but you intend to return to your state of domicile whether or not you complete the transaction, contract, or engagement (for example, migrant workers or students).

**Armed forces personnel** If you were a Wisconsin resident on the date you entered military service, you are considered a Wisconsin resident during your entire military career unless you take positive action to change your domicile to another state as described in the section on page 2 entitled “What is domicile?”. For more information, get Publication 104, *Wisconsin Taxation of Military Personnel*, from any Department of Revenue office.

**Aliens** If you are considered a nonresident alien for federal tax purposes for the entire taxable year, you are considered a nonresident of Wisconsin. If you are considered a resident alien for federal tax purposes for all or part of the tax year, you may be either a resident or nonresident of Wisconsin as follows:

- If you are a lawful permanent resident of the United States and you intend to remain permanently in Wisconsin, you are considered a Wisconsin resident. You are a lawful permanent resident of the United States at any time if you have been given the privilege, according to the immigration laws, of residing permanently in the United States as an immigrant. You generally have this status if the Immigration and Naturalization Service (INS) has issued you an alien registration card, also known as a “green card.”
- If you are a nonimmigrant (have not been granted immigrant status by the INS), you are considered a nonresident of Wisconsin. **Exception** If you are a refugee or have been granted asylum and you intend to remain permanently in Wisconsin, you are considered a Wisconsin resident.

**Example** A foreign student in this country with an “F” visa under the Immigration and Nationality Act may be classified for federal tax purposes as a nonresident alien or as a resident alien depending on his or her intended length of stay in this country. Regardless of the student’s alien status, the student maintains his or her domicile in his or her homeland. The student is considered a nonresident of Wisconsin. A student with an “F” visa cannot become domiciled in Wisconsin.

### Must I file a return?

If you are a nonresident or part-year resident of Wisconsin and your gross income (or the combined gross income of you and your spouse) is \$2,000 or more for 2000, you must file a Wisconsin return.

**Gross income** means all income (before deducting expenses) reportable to Wisconsin which you received in the form of money, property, or services. It doesn’t include items which are exempt from Wisconsin income tax, such as U.S. government interest.

**Other filing requirements** Even if your gross income is less than \$2,000, you must file a Wisconsin income tax return if:

- You can be claimed as a dependent on another person’s income tax return (for example, on your parent’s return) and you have gross income of more than \$700 which included at least \$251 of unearned income. Unearned income includes interest and dividends which are reportable to Wisconsin.
- You owe a Wisconsin penalty on an Individual Retirement Account (IRA), annuity, or other retirement plan or on a medical savings account.
- You are subject to the Wisconsin alternative minimum tax.

**Note** Even if you don’t have to file, if you had Wisconsin income tax withheld from your wages or you paid estimated tax for 2000,

you should file a Wisconsin return since this is the only way to get a refund. (Complete lines 1 through 29 of Form INPR, fill in a -0- on line 37, and complete lines 56, 57, 64, and 65.) If you are a resident of Illinois, Indiana, Kentucky, Michigan, or Minnesota, see the exception under line 1 instructions on page 8.

### What income does Wisconsin tax?

**Full-year residents** Wisconsin taxes your income from all sources.

**Nonresidents** Wisconsin taxes only your income from Wisconsin sources.

**Part-year residents** During the time you are a Wisconsin resident, Wisconsin taxes your income from all sources. During the time you aren’t a Wisconsin resident, Wisconsin taxes only your income from Wisconsin sources.

### What is income from Wisconsin sources?

Income from Wisconsin sources includes:

- Wages, salaries, commissions, and other income for personal services performed in Wisconsin (see exception under line 1 instructions on page 8).
- Rents and royalties from tangible property located in Wisconsin, such as land, buildings, and machinery.
- Gains or losses from sales or other dispositions of tangible property located in Wisconsin, such as land, buildings, and machinery.
- Profits or losses from businesses, professions, and farm operations conducted in Wisconsin, including sole proprietorships, partnerships, and tax-option (S) corporations.
- Income from the Wisconsin state lottery, a multijurisdictional lottery if the winning lottery ticket or lottery share was purchased from a Wisconsin retailer, or Wisconsin pari-mutuel wager winnings and purses. This includes all income realized from the sale of or purchase and subsequent sale or redemption of lottery prizes if the winning tickets were originally purchased in Wisconsin.
- Winnings from a casino or bingo hall located in Wisconsin and operated by a Native American tribe or band.

### Which form should I file?

If you are a nonresident or part-year resident of Wisconsin in 2000, you must file Wisconsin Form INPR.

If you are a full-year resident of Wisconsin in 2000, you may file Wisconsin Form WI-Z, Form 1A, or Form 1. Read the instructions for those forms to figure out which one is right for you. Those forms aren’t in this booklet. You can get Form WI-Z, Form 1A, and Form 1 from any Department of Revenue office.

**Exception** If you are a full-year Wisconsin resident but your spouse isn’t, and you are filing a joint return, you must file Form INPR.

### When should I file?

You should file as soon as you can, but not later than **April 16, 2001**. If you file late without an extension, you are subject to interest at 1.5% per month, late filing fees, and penalties.

**Farmers and fishers** (persons who earn at least two-thirds of their gross income from farming or fishing) who don't make payments of estimated income tax (Wisconsin Form 1-ES) must file their 2000 Wisconsin income tax returns and pay any tax due by March 1, 2001, to avoid interest for underpayment of estimated tax.

#### Need more time to file?

If you need an extension of time to file your Wisconsin return, you *do not* need to do anything until you actually file your Form 1NPR.

If you need an extension for Wisconsin (even though you may not need an extension for federal purposes), attach to your Form 1NPR either a copy of your federal extension application or a statement indicating which federal extension provision you want to use for Wisconsin (for example, automatic 4-month extension).

**Note** Even though you may have an extension of time to file your return, you will owe interest on any tax not paid by April 16, 2001. If you expect to owe additional tax, you can avoid the 1% per month interest charge during the extension period by paying the tax you will owe by April 16, 2001. Submit the payment with a 2000 Wisconsin Form 1-ES. A copy of Form 1-ES is available at any Department of Revenue office.

You may also obtain information about your refund through our Internet web site at: [www.dor.state.wi.us](http://www.dor.state.wi.us).

Before starting your Wisconsin Form 1NPR, fill in your federal return and its supporting schedules. If you aren't required to file a federal return, list the types and amounts of your income and your deductions on a separate sheet of paper and attach it to your Form 1NPR.

Follow these line instructions to fill in your Form 1NPR. Prepare one copy to file with the department and another copy for your records.

■ **Name and address** If your booklet has a mailing label with your name on the front cover, remove the label and place it in the name and address area of the tax return that you file. If your name or address is wrong, correct the label by drawing a line through the incorrect information and printing the correct information clearly on the label. If you are married and you and your spouse are filing a joint return, check that your spouse's name is also on the label. Don't use the label if it has someone else's name on it instead of yours and your spouse's, if married.

If you didn't receive a label, print or type the information on the lines provided. If you are married and you and your spouse are filing a joint return, fill in your spouse's name on the line provided (even if your spouse didn't have any income).

■ **Social security number** Fill in your social security number in the space provided on Form 1NPR. Also fill in your spouse's social security number if married filing a joint return.

**Note** You must fill in your social security number even though you may be using the mailing label from the cover of your tax booklet.

If you are an alien who has been issued an Individual Taxpayer Identification Number (ITIN) by the federal Internal Revenue Service, fill in your ITIN wherever your social security number is requested on your return.

■ **State election campaign fund** You may designate \$1 to this fund by checking the box. If you are married, your spouse may also designate \$1 to this fund. Checking the box will neither change your tax nor reduce your refund.

■ **School district number** *Nonresidents* – don't fill in this line. *Part-year and full-year residents* – refer to page 32 in this booklet. Fill in the number of the school district in which you lived on December 31, 2000, or before leaving Wisconsin.

■ **Tax district** *Nonresidents* – don't fill in these lines. *Part-year and full-year residents* – check the proper box and fill in the name of the Wisconsin city, village, or town and the county in which you lived on December 31, 2000, or before leaving Wisconsin.

■ **Filing status** Check one of the boxes to indicate your filing status for 2000. If more than one filing status applies to you, choose the one that will give you the lowest tax.

If you obtained a decree of divorce or separate maintenance during 2000 or are married and will file a separate return (including a married person filing as head of household), you should get Publication 109, *Tax Information for Married Persons Filing Separate Returns and Persons Divorced in 2000*, for information on what income you must report.

**Single** You are considered single if, on December 31, 2000:

- You were never married, or
- You were legally separated under a **final** decree of divorce or separate maintenance, or
- You were widowed before January 1, 2000, and did not remarry in 2000.

**Nonresident aliens filing federal Form 1040NR** You can't consider yourself single if you were married but lived apart from your spouse. This isn't the same as federal law.

**Married filing joint return** Most married couples will pay less tax if they file a joint return. You and your spouse may file a joint return if:

- You were married as of December 31, 2000, or
- Your spouse died in 2000 and you did not remarry in 2000, or
- Your spouse died in 2001 before filing a 2000 return.

A husband and wife may file a joint return even if only one had income or if they did not live together all year. Both spouses must sign the return, and both are responsible for any tax due on the return. This means that if one spouse does not pay the tax due, the other may have to.

You can't file a joint return if either you or your spouse were a nonresident alien at any time during 2000. You also can't file a joint return if you and your spouse have different tax years.

**Exception** If at the end of 2000 one spouse was a nonresident alien or a dual-status alien and the other spouse was a U.S. citizen or a resident alien, you may be able to file a joint return. In order to file a joint return, you must elect to treat the nonresident alien spouse as a U.S. resident. If you do file a joint return, you and your spouse must report your combined worldwide income as your federal income. (**Note** Even though electing to be treated as a U.S. resident, the nonresident alien spouse is considered a nonresident of Wisconsin.)

If you file a joint return, you can't, after the due date of the return, change your mind and file a separate return for 2000.

**Married filing separate return** Even though a joint return usually produces the lowest tax, you and your spouse may be among the few married couples for whom separate returns are better. This will require the filing of two returns, one for you and one for your spouse.

If you file a separate return, print or type your spouse's full name and social security number on the line provided.

If you file a separate return, you and your spouse can change your minds and file a joint return within four years after the unextended due date of the return.

**Head of household** To use this filing status for Wisconsin purposes, you must qualify to file your federal income tax return using the head of household filing status. Use of this filing status is generally restricted to unmarried individuals who paid over half the cost of keeping up a home for a qualifying person such as a child or parent. However, certain married persons who lived apart from their spouses for the last 6 months of 2000 may also qualify. If you are not required to file a federal return, contact any Department of Revenue office to see if you qualify.

If your federal filing status is qualifying widow(er) with dependent child, use the head of household filing status for Wisconsin.

■ **Resident status** Check one of the boxes to indicate your resident status in 2000. See the definitions on page 2.

If you are married and you and your spouse had different domiciles in 2000, check one of the boxes to indicate your resident status. Also, check one of the boxes to indicate your spouse's resident status in 2000.

For example, if the husband was domiciled in Wisconsin from January 1 through October 15, 2000, but the wife was domiciled in Wisconsin for all of 2000, you would indicate this as follows:

- Full-year resident of Wisconsin - wife
- Nonresident of Wisconsin
- Part-year resident of Wisconsin from  
 1/1 to 10/15 (month/day) - husband

**Legal residence (domicile) questionnaire** If you changed your domicile from Wisconsin during 1999 or 2000 and you did not previously complete a questionnaire for that change, fill in the questionnaire on page 33.

■ **Line instructions** Form 1NPR has two columns for figures.

**Column A** is labeled "Federal column." In this column, lines 1 through 29, fill in the same amounts you reported on your federal return.

**Note** If you are filing federal Form 1040NR or 1040NR-EZ, fill in the amounts from each line on page 1 of Form 1040NR (lines 3-10 of Form 1040NR-EZ) on the corresponding line on Wisconsin Form 1NPR. If there is no corresponding line on Form 1NPR for an income or adjustment item, include the income item on line 15, Form 1NPR and the adjustment item on line 26. The amount reported on line 22 of Form 1040NR or line 6 of Form 1040NR-EZ (income exempt by a treaty) should not be carried over to Form 1NPR.

### Exceptions

- If you are using a different filing status for Wisconsin and federal purposes, the amounts you enter in column A cannot be taken from the federal return you file with the Internal Revenue Service (IRS). If you file a joint return for Wisconsin (but you're filing separate returns for IRS), report in column A the amounts you would report on a federal return using a married filing joint status. (For example, you reported \$15,000 of wages on your separate federal return and your spouse reported \$20,000 of wages on his/her separate federal return. If you file a joint Wisconsin return, report \$35,000 of wages in column A.) If you file separate returns for Wisconsin (but you're filing a joint return for IRS), report in column A the amounts you would report on a federal return using a married filing separate status. Thus, the figures in column A may not agree with the amounts shown on the federal return you file with the IRS.
- The federal income that you must use to complete column A of Form 1NPR may not always be the same as the amount reported on your federal Form 1040. Differences between federal and Wisconsin law may occur because Wisconsin generally uses the federal law as amended to December 31, 1999.

New federal laws enacted after December 31, 1999, may not be used for Wisconsin.

**CAUTION** At the time these instructions were released for printing (November 15, 2000) no additional new federal income tax laws had been enacted during 2000. If any additional federal income tax provisions are enacted later this year, you can find a list of those provisions that do not apply for Wisconsin in the instructions for Wisconsin Schedule I.

Wisconsin law also provides that the following provision of federal law does not apply for Wisconsin (even though this provision was enacted into federal law prior to December 31, 1999):

- The exclusion for 50% of the gain from the sale or exchange of qualified small business stock issued after August 10, 1993, and held for more than five years.

If any provision of federal law which does not apply for Wisconsin affects your federal adjusted gross income, complete Wisconsin Schedule I and attach it to your Form 1NPR. The amount you fill in on lines 1 through 29 of Form 1NPR (and amounts filled in on Schedule 2 on page 4 of Form 1NPR) should be the revised amount from Schedule I. Schedule I is available from any department office.

To the extent Schedule I adjustments in a prior year affect income or expense items in 2000 (for example, ACRS depreciation was not allowed to be claimed on residential real property or certain farm property placed in service during 1986), you must also make adjustments on Schedule I for 2000.

You may also have to fill in Schedule I if you sold property during 2000, and the gain or loss from the sale is different for federal and Wisconsin purposes due to Schedule I adjustments made in a prior year. This would occur, for example, if you used different rates of depreciation or amortization for federal and Wisconsin purposes. See the instructions for Schedule I for more information.

**Column B** on Form 1NPR is labeled "Wisconsin column." In this column, fill in the amounts that apply to Wisconsin.

Your federal income may include items which aren't taxable or deductible for Wisconsin, or it may not include items which are taxable or deductible for Wisconsin. You may have to add or subtract these items from your federal income to arrive at the correct Wisconsin income.

Those differences between federal and Wisconsin income (called "modifications") that may affect the amounts you report on more than one line of Form 1NPR are explained below. Differences that affect a particular line of Form 1NPR are explained in the instructions for that line.

### Modifications for differences between federal and Wisconsin income

- **Differences in federal and Wisconsin basis of property** Are you depreciating (or amortizing) property, such as buildings or machinery, which has a different basis for federal and Wisconsin purposes? If so, you must complete Wisconsin Schedule T, Transitional Adjustments. Attach the completed Schedule T to your Form 1NPR. You can get Schedule T from any Department of Revenue office.

Did you sell (or otherwise dispose of) property that you are depreciating (or amortizing), such as buildings or machinery, which has a different basis for federal and Wisconsin purposes? If so, you must complete Wisconsin Schedule T. Attach the completed Schedule T to your Form INPR.

Did you sell (or otherwise dispose of) property that can't be depreciated or amortized, such as land, stocks, bonds, or an interest in a partnership, which has a different basis for federal and Wisconsin purposes? If so, you must complete Wisconsin Schedule T. Attach the completed Schedule T to Form INPR.

- **Differences in federal and Wisconsin reporting of marital property (community) income** Are you married and filing a separate return for Wisconsin purposes or were you divorced during 2000? If so, you may have to report a different amount of income on your Form INPR than on your federal return. For more information, get Publication 109, *Tax Information for Married Persons Filing Separate Returns and Persons Divorced in 2000*, from any Department of Revenue office.
- **Medical care insurance** Did you pay medical care insurance costs during 2000 while you were self-employed or an employee whose employer did not contribute toward the cost of your medical care insurance? If yes, you may be able to subtract a portion of the cost of your medical care insurance.

“Medical care insurance” means a medical care insurance policy that covers you, your spouse, and dependents and provides surgical, medical, hospital, major medical, or other health service coverage. It does not include premiums you pay for:

- Long-term care insurance,
- Life insurance policies,
- Policies providing payment for loss of earnings,
- Policies for loss of life, limb, sight, etc.,
- Policies that pay you a guaranteed amount each week for a stated number of weeks if you are hospitalized for sickness or injury, or
- The part of your car insurance premiums that provides medical insurance coverage for all persons injured in or by your car.

If you participate in your employer’s fringe benefit cafeteria plan and agree to a voluntary salary reduction in return for a medical care insurance benefit, you may not consider the amount of your salary reduction an amount you paid for medical care insurance. In this situation your employer is considered to have paid for your medical care insurance. Such programs may be known as, for example, flexible spending accounts, employe reimbursement accounts, etc.

Complete Part A and/or Part B, as appropriate, to figure your subtraction:

**Part A – Self-Employed Persons**

**Step 1** If you are self-employed, complete Worksheet 1.

Worksheet 1 – Self-Employed Persons		
1. Amount you paid for medical care insurance in 2000 while you were self-employed . . . . .	1.	_____
2. Amount of medical care insurance deducted on federal Schedule C or F for your employe spouse . . . . .	2.	_____
3. Subtract line 2 from line 1 . . . . .	3.	_____

**Step 2** Use the following formula to prorate line 3.

$$\begin{array}{r} \text{Amount} \\ \text{from} \\ \text{line 3} \\ \text{of} \\ \text{Worksheet 1} \end{array} \times \frac{\text{Net earnings from a trade or business* taxable to Wisconsin}}{\text{Total net earnings from a trade or business*}} = \text{Tentative deduction}$$

\* For a self-employed person, net earnings from a trade or business means income from self-employment, including ordinary income from a trade or business as reported on Form 4797, line 18, and less the deduction for one-half of self-employment tax. The total earnings from a trade or business of both spouses are included. Do not consider losses from a trade or business.

**Step 3** Your subtraction for medical care insurance is the smaller of the tentative deduction computed in Step 2 or the amount of your net earnings from a trade or business taxable to Wisconsin. Fill in this smaller amount in the Wisconsin column of line 22. (**Exception** If you claimed the federal self-employed health insurance deduction on your federal return and you included long-term care insurance in such deduction, go on to Step 4.)

**Step 4** Add the amount of long-term care insurance which is included on line 28 of your federal Form 1040 to your Wisconsin subtraction for medical care insurance. Fill in the total in the Wisconsin column of line 22.

**Part B – Employees**

**Step 1** If you are an employe whose employer did not contribute toward the cost of your medical care insurance, complete Worksheet 2 below.

Worksheet 2 – Employees	
1. Amount you paid for medical care insurance in 2000 while you were an employe whose employer did not contribute toward the cost of the insurance . . . . .	1. _____
2. Fill in one-half of the amount on line 1 . . . . .	2. _____

**Step 2** Use the following formula to prorate the medical care insurance deduction.

$$\begin{array}{r} \text{Amount} \\ \text{from} \\ \text{line 2} \\ \text{of} \\ \text{Worksheet 2} \end{array} \times \frac{\text{Net earnings from a trade or business* taxable to Wisconsin}}{\text{Total net earnings from a trade or business*}} = \text{Tentative deduction}$$

\* For an employe, net earnings from a trade or business means wages, salaries, tips, and other employe compensation of both spouses.

**Step 3** Your subtraction for medical care insurance is the smaller of the tentative deduction computed in Step 2 above or the amount of net earnings from a trade or business taxable to Wisconsin. See the Modifications in the instructions for line 1 for information on claiming the credit.

**CAUTION** If you qualify for the subtraction both as a self-employed person and as an employe, your total subtraction (amounts determined in Step 3 of Parts A and B) cannot be more than the total amount paid for medical care insurance during the period in which

you were self-employed and in which you were an employee whose employer did not contribute towards the cost of the insurance, less the amount on line 2 of Worksheet 1.

■ **Rounding off to whole dollars** You may round off cents to the nearest dollar. You can drop amounts under 50¢ and increase amounts that are 50¢ or more to the next dollar. For example, \$1.39 becomes \$1 and \$2.69 becomes \$3.

### ■ Line 1 Wages, salaries, tips, etc.

**Federal column** Fill in the amount from line 7 of federal Form 1040 or 1040A, or line 1 of Form 1040EZ. If you filed your federal return using TeleFile, fill in the total wages, tips, and other compensation from Box 1 of your W-2(s).

**Wisconsin column** *Nonresidents* – fill in the amount received for working in Wisconsin (see **Exceptions** below). If that amount differs from your Wisconsin wages on your wage statement (Form W-2), attach an explanation of the difference and indicate where this income was earned. If you are retired on disability, do not fill in any disability income. *Part-year and full-year residents* – figure the amount received for working in and outside Wisconsin while a Wisconsin resident. Add to that figure the amount received for working in Wisconsin while a nonresident. If the total differs from your Wisconsin wages on your wage statement (Form W-2), attach an explanation of the difference and indicate where this income was earned. If you are retired on disability, include the amount of disability income received while you were a Wisconsin resident.

### Exceptions

• **Residents of Illinois, Indiana, Kentucky, Michigan, or Minnesota** Don't include on line 1, column B wages earned while a resident of one of these states. Under agreements with these 5 states, Wisconsin doesn't tax the wages of their residents. In the area to the left of line 1, write the name of the state of which you were a resident when you earned the wages.

If your only Wisconsin income is wages earned in Wisconsin while you were a resident of one of the above states, and you are filing to get a refund of Wisconsin tax withheld in error, fill in -0- on lines 1 and 28, column B. Fill in the amount of Wisconsin tax withheld from your wages on lines 56, 64, and 65. Attach your Wisconsin W-2(s) and sign your return (both spouses if filing a joint return). **Minnesota** residents must also submit Form W-222, Statement of Minnesota Residency, and a copy of their Minnesota income tax return. You can get Form W-222 from any Department of Revenue office.

- See the instructions for line 10 for information on the taxation of income received while a nonresident of Wisconsin from a nonqualified deferred compensation plan.
- If you filed your federal return on Form 1040NR or Form 1040NR-EZ and have wages that are exempt from federal tax by a treaty, do not include the exempt wages in either column A or column B of line 1 of Form 1NPR.

### Modifications

• **Medical care insurance** If you are an employee whose employer does not contribute toward the cost of your medical care insurance, see page 7. Subtract your allowable medical care insurance deduction from wages otherwise taxable to Wisconsin. Attach an explanation of your deduction.

### Line 1 instructions – continued

• **Disability income exclusion for part-year and full-year residents** Are you retired on permanent and total disability? If so, and you have included your disability income on your federal return, you may be able to subtract up to \$5,200 of your disability income.

You must meet all these tests:

1. You didn't reach mandatory retirement age before January 1, 2000.
2. You were under age 65 on December 31, 2000.
3. You were permanently or totally disabled –
  - a. when you retired, or
  - b. on January 1, 1976, or January 1, 1977, if you retired before January 1, 1977, on disability or under circumstances which entitled you to retire on disability.
4. If you were married at the end of 2000, you must file a joint return with your spouse.
5. You were a Wisconsin resident when you received the disability income.
6. You did not in any year prior to 1984 choose to treat your disability income as a pension instead of taking the exclusion.

Figure your exclusion on Wisconsin Schedule 2440W, Disability Income Exclusion, which you can get from any Department of Revenue office. *Full-year residents* – subtract from the disability income included on your federal Form 1040 or 1040A, the exclusion from line 6 of Schedule 2440W. *Part-year residents* – subtract the exclusion from line 8 of Schedule 2440W from the portion of your disability income which is otherwise taxable to Wisconsin. Attach your completed Schedule 2440W to your Form 1NPR.

### ■ Line 2 Interest income

**Federal column** Fill in the amount from line 8a of federal Form 1040 or 1040A, line 2 of Form 1040EZ, or line C of your TeleFile Tax Record.

**Wisconsin column** *Nonresidents* – don't fill in any amount of your interest. (**Exception** Include your share of interest income attributable to Wisconsin and passed through from a tax-option (S) corporation, as reported to you on Wisconsin Schedule 5K-1.) *Part-year and full-year residents* – figure the interest received while a Wisconsin resident. For the period of time you were a nonresident, include your share of interest income attributable to Wisconsin and passed through from a tax-option (S) corporation, as reported to you on Wisconsin Schedule 5K-1. Use the worksheet on page 9 to figure the interest taxable by Wisconsin. Save this worksheet for your records.

### Modifications

• **State and municipal bond interest** Did you receive any state or municipal bond interest? If so, add to your federal income the amount received from state and municipal bonds while a Wisconsin resident. This will generally be the amount shown on line 8b of your federal Form 1040 or 1040A or the amount identified as tax-exempt interest on line 2 of Form 1040EZ. (If you were required for federal purposes to allocate expenses to this income, reduce the income by such expenses.)

Line 2 instructions – continued

**Exception** Do not include interest income from (1) public housing authority or community development authority bonds issued by municipalities located in Wisconsin, (2) Wisconsin Housing Finance Authority bonds, (3) Wisconsin municipal redevelopment authority bonds, (4) Wisconsin higher education bonds, (5) Wisconsin Housing and Economic Development Authority bonds issued before January 29, 1987, except business development revenue bonds, economic development revenue bonds and CHAP housing revenue bonds, (6) public housing agency bonds issued before January 29, 1987, by agencies located outside Wisconsin where the interest therefrom qualifies for exemption from federal taxation for a reason other than or in addition to section 103 of the Internal Revenue Code, (7) local exposition district bonds, (8) Wisconsin professional baseball park district bonds, (9) bonds issued by the Government of Puerto Rico, Guam, or the Virgin Islands, and (10) local cultural arts district bonds. Interest from these sources is exempt from Wisconsin income tax whether received by a direct owner of these securities or by a shareholder in a mutual fund which invests in these securities.

- **United States government interest and dividends** Did you include U.S. government interest in your federal income? If so, subtract from your federal income the amount of interest on United States bonds and interest and dividends of certain United States government corporations. This income isn't taxable for Wisconsin purposes.

**Caution** Don't subtract interest from Ginnie Mae (Government National Mortgage Association) securities and other similar securities which are "guaranteed" by the United States government. You must include interest from these securities in your Wisconsin income if you received the interest while a Wisconsin resident.

For the period of time you

Line 3 instructions – continued

were a nonresident, include your share of dividend income attributable to Wisconsin and passed through from a tax-option (S) corporation, as reported to you on Wisconsin Schedule 5K-1.

**Modifications**

- Did you receive ordinary dividends from a mutual fund which invests in U.S. government securities? If so, you can subtract from your federal income the portion of the ordinary dividends which the mutual fund advises you is from investment in U.S. government securities.

■ **Line 4 Taxable refunds, credits, or offsets of state and local income taxes**

**Federal column** Fill in the amount from line 10 of federal Form 1040.

**Wisconsin column** Don't fill in any amount on line 4. Wisconsin doesn't tax refunds, credits, or offsets of state and local income taxes.

■ **Line 5 Alimony received**

**Federal column** Fill in the amount from line 11 of federal Form 1040.

**Wisconsin column** *Nonresidents* – don't fill in any amount. *Part-year and full-year residents* – fill in any alimony you received while a Wisconsin resident.

■ **Line 6 Business income or (loss)**

■ **Line 7 Capital gain or (loss)**

**Federal column** Fill in the amount from line 13 of federal Form 1040 or line 10 of Form 1040A.

**Wisconsin column** *Nonresidents* – complete Schedule WD if you have capital gain or loss from Wisconsin sources. (See definition of Wisconsin sources on page 10.) If you don't, fill in -0- on line 7. *Part-year and full-year residents* – all capital gain or loss received while you are a Wisconsin resident and capital gain or loss received from Wisconsin sources (see definition of Wisconsin sources on page 10) while you are a nonresident is includable in your Wisconsin income. However, you are allowed a 60% exclusion for net long-term capital gain, and your deduction for net capital loss is limited to \$500. If you have any capital gain or loss taxable to Wisconsin, complete Schedule WD to determine your taxable gain or allowable loss.

Line 7 instructions – continued

**Note** If the only amount on line 13 of Form 1040 or line 10 of Form 1040A is a capital gain distribution from a mutual fund or real estate investment trust, you do not have to complete Schedule WD. Fill in 40% of the portion of the capital gain distribution received while a Wisconsin resident.

**Capital gain or loss from Wisconsin sources** includes gain or loss from the sale of land, buildings, and machinery located in Wisconsin and your share of capital gain and loss from an estate or trust, partnership, or tax-option (S) corporation which has been reported to you on Wisconsin Schedule 2K-1, 3K-1, or 5K-1. It also includes gain from the sale of stock acquired under an incentive stock option or employe stock purchase plan to the extent attributable to personal services performed in Wisconsin. It doesn't include losses from nonbusiness bad debts and worthless securities, and gains or losses from sales of stocks (except gain on stock acquired under an incentive stock option or employe stock purchase plan as explained above) while a nonresident.

**Did you sell your Wisconsin home?** If you sold your Wisconsin home and qualify to exclude all or a portion of the gain on the sale for federal tax purposes, you may exclude the same amount for Wisconsin.

## Line 8 Other gains or (losses)

**Federal column** Fill in the amount from line 14 of federal Form 1040.

**Wisconsin column** *Nonresidents* – fill in the gain or loss from Wisconsin sources. *Part-year and full-year residents* – figure the gain or loss from all sources while a Wisconsin resident. Combine with that figure gain or loss from Wisconsin sources while a nonresident.

**Wisconsin column** *Nonresidents* – don't fill in any amount on line 9 (see **Exception** below). *Part-year and full-year residents* – fill in the taxable amount of IRA distributions you received while a Wisconsin resident (see **Exception** below).

**Exception** If you converted an IRA to a Roth IRA in 1998, and you chose to report the taxable amount over 4 years, the converted amount is taxable to Wisconsin as follows:

- If you were a Wisconsin resident at the time of the conversion, the amount of the IRA conversion from line 15b of federal Form 1040 or line 11b of Form 1040A is taxable to Wisconsin.
- If you were *not* a Wisconsin resident at the time of the conversion, the amount of the IRA conversion is *not* taxable to Wisconsin.

## Line 10 Pensions and annuities

**Wisconsin column** *Nonresidents* – don't fill in any amount on line 10. *Part-year and full-year residents* – fill in the taxable amount of pension and annuity income you received while a Wisconsin resident. Wisconsin taxes pension, annuity, profit-sharing, and stock bonus plan distributions received while a Wisconsin resident even though the distributions may relate to work you did in another state.

**Exception** Amounts received while a nonresident of Wisconsin from a nonqualified retirement plan or a nonqualified deferred compensation plan must be included in the Wisconsin column to the extent attributable to personal services performed in Wisconsin unless:

- (1) The distribution is paid out in annuity form over the life expectancy of the individual or a period of not less than 10 years, or
- (2) The distribution is paid in either an annuity or lump-sum from arrangements known commonly as "mirror" plans.

### Modifications

- **Lump-sum distributions** Did you receive a lump-sum distribution while a Wisconsin resident? If so, and you used federal Form 4972 to figure your federal tax, you must add the amount of your lump-sum distribution to your other pension and annuity income and report it on line 10. Include on line 10 the total of (1) the capital gain part of the lump-sum distribution from line 6 of Form 4972 and (2) the taxable amount from line 10 of Form 4972. You may reduce this amount by any federal estate tax on line 18 of Form 4972.

**CAUTION** If the amount on line 10 of Form 4972 was computed using the rules for multiple recipients of a lump-sum distribution, include only your share of the taxable amount on line 10, less your share of any federal estate tax attributable to the lump-sum distribution on line 18.

**Note** No portion of a lump-sum distribution may be reported as a capital gain on Wisconsin Schedule WD.

- **Retirement benefits** Don't include on line 10, column B amounts received from the retirement systems listed below if

1. You were retired from the system before January 1, 1964, or
2. You were a member of the system as of December 31, 1963, and retired at a later date and payments you receive are from an account established before 1964, or
3. You are receiving payments from the system as the beneficiary of a person who met either condition 1 or 2.

The specific retirement systems are:

**Local and state retirement systems** – Milwaukee City Employees, Milwaukee City Police Officers, Milwaukee Fire Fighters, Milwaukee Public School Teachers, Milwaukee County Employees, Milwaukee Sheriff, and Wisconsin State Teachers retirement systems.

Line 10 instructions – continued

**Federal retirement systems** – United States government civilian employe and military personnel retirement systems. Examples of such retirement systems include the Civil Service Retirement System, Federal Employees' Retirement System, and Retired Serviceman's Family Protection Plan.

**Note** Do not subtract the following:

- Payments received as a result of voluntary tax-sheltered annuity deposits made in any of the retirement systems listed above and on page 10.
- Payments received from one of the retirement systems listed above and on page 10 if you first became a member after December 31, 1963, even though pre-1964 military service may have been counted as creditable service in computing your retirement benefit.
- Payments received from the federal Thrift Savings Plan.

**CAUTION** Only retirement benefits based on qualified membership (i.e., membership which began before January 1964, as explained above) in one of the retirement systems listed above may be subtracted. Any portion of your retirement benefit which is based on membership in other retirement systems (or based on employment which began after December 31, 1963) is taxable and may not be subtracted.

- **Railroad retirement benefits** Don't include on line 10, column B amounts received from the U.S. Railroad Retirement Board. These benefits aren't taxable by Wisconsin.
- **Disability income exclusion for part-year and full-year residents** Are you retired on permanent and total disability? If so, and you have included your disability income on line 16b of your federal Form 1040 or line 12b of Form 1040A, you may be able to subtract up to \$5,200 of your disability income. See the modifications for line 1 for further information.

**Rent, royalty, partnership, tax-option (S) corporation, estate, and trust income from Wisconsin sources includes:**

- Rents and royalties from tangible property located in Wisconsin, such as land, buildings, and machinery.
- Profits and losses from businesses, professions, and farm operations conducted in Wisconsin, including partnerships and tax-option (S) corporations.

Line 11 instructions – continued

## Modifications

### • Tax-option (S) corporation modifications

- (1) If you were a shareholder of a tax-option (S) corporation which is required to file a Wisconsin franchise or income tax return, you will receive a Wisconsin Schedule 5K-1 from the S corporation informing you of any adjustments to be made for Wisconsin.
- (2) If you were a shareholder of a federal S corporation that elected not to be treated as a Wisconsin tax-option (S) corporation, you must reverse all items of S corporation income, loss, or deduction included on your federal return and then add your pro rata share of any distributions made by the corporation of earnings and profits which was received while you were a Wisconsin resident. (**Caution** Do not reverse any item of S corporation income or loss reported on federal Schedule D. These items have already been removed from Wisconsin income when you completed Wisconsin Schedule WD.)
- (3) Instead of including the tax-option (S) corporation items deductible on federal Schedule A in the Wisconsin itemized deduction credit, you may be able to treat these items as subtraction modifications.

For more information, get Publication 102, *Wisconsin Tax Treatment of Tax-Option (S) Corporations and Their Shareholders*, which is available from any Department of Revenue office.

- **Partnership, estate, or trust modifications** If you were a member of a partnership, or you received income from an estate or trust, you will receive a statement from the partnership, estate, or trust notifying you of any modifications to federal income. Increase the amount reported in the federal column by amounts shown as add modifications. Decrease the amount reported in the federal column by amounts shown as subtract modifications.

Line 13 instructions – continued

**Wisconsin column** *Nonresidents* – don’t fill in any amount on line 13. *Part-year and full-year residents* – figure the taxable amount of unemployment compensation received while a Wisconsin resident. Complete the following steps.

**Step 1** Complete the worksheet below.

**Step 2** Use the following formula to figure the amount taxable by Wisconsin:

$$\begin{array}{r} \text{UC from} \\ \text{line 9 of} \\ \text{worksheet} \\ \text{below} \end{array} \times \frac{\begin{array}{r} \text{UC* received while} \\ \text{a Wis. resident} \\ \text{Total UC received} \\ \text{from line 1 of} \\ \text{worksheet below} \end{array}}{\begin{array}{r} \text{Total UC received} \\ \text{from line 1 of} \\ \text{worksheet below} \end{array}} = \begin{array}{r} \text{UC taxable by} \\ \text{Wisconsin to} \\ \text{line 13, Col. Line 14 instructions – continued

Otherwise, use only the formula to figure the amount taxable by Wisconsin.

**Note** Lines 1 and 2 of the worksheet below refer to lines on the federal Social Security Benefits Worksheet included in the federal Form 1040 and Form 1040A instructions. If you use one of the other federal worksheets (e.g., the worksheet for social security recipients who contribute to an IRA), use the equivalent lines on that worksheet. If you received a lump-sum payment of social security benefits in 2000 that included benefits for prior years and you used separate worksheets for each year to figure the amount of social security taxable on your federal return, contact any Department of Revenue office for information on how to figure the nontaxable amount.

**Line 15 Other income**

**Federal column** Fill in the amount from line 21 of federal Form 1040.

**Wisconsin column** *Nonresidents* – fill in any other income you received from Wisconsin sources. *Part-year and full-year residents* – figure the amount of any other income you received while a Wisconsin resident. Add to that figure any other income you received from Wisconsin sources while a nonresident.

**Modifications**

The modifications listed below may either increase or decrease the amount you fill in on line 15, column B. Treat any addition as a positive number and any subtraction as a negative number. Attach a description of each addition and subtraction you make on line 15. Combine your modifications with your “other income” reportable in column B and fill in the net result. If the net result is a negative number, put brackets around the number.

- **Farm losses** Did you deduct farm losses from your Wisconsin income? If so, you may have to include part of your losses on line 15 if you were not actively engaged in farming. To be “actively engaged in farming” with respect to a farming operation, you must make a significant contribution of:
  - Capital, equipment, or land, or a combination of capital, equipment, or land; and
  - Active personal labor or active personal management, or a combination of both.

Factors you must take into consideration in determining if you contribute a significant amount of active personal labor or active personal management include:

- The type of crops and livestock produced;
- The normal and customary farming practices of the area; and
- The total amount of labor and management which is necessary for such a farming operation in the area.

In order to be considered to be actively engaged in a farming operation, you must have (1) a share of the profits or losses from the farming operation which is commensurate with your contributions to the operation, and (2) contributions to the farming operation which are at risk.

Your combined net losses from farming operations in which you are *not* actively engaged in farming are limited if your nonfarm Wisconsin adjusted gross income is more than \$55,000 (\$27,500 if married filing separately).

To figure your combined net losses from farming operations, add together any losses you have from farming operations in which

Line 15 instructions – continued

you were not actively engaged (for example, these could be losses from a farm partnership or tax-option (S) corporation). Include only losses that you included in the Wisconsin column of Form 1NPR. Do not reduce these losses by any net farm gains. If the total of these losses is more than the maximum allowable loss shown in the following tables, include the excess on line 15.

Farm Loss Limits – Single persons and married persons filing joint return		
Nonfarm Wisconsin Adjusted Gross Income		
More Than	But Not More Than	Maximum Allowable Loss
\$ 0	... \$ 55,000	Full Amount
55,000	... 75,000	\$20,000
75,000	... 100,000	17,500
100,000	... 150,000	15,000
150,000	... 200,000	12,500
200,000	... 250,000	10,000
250,000	... 300,000	7,500
300,000	... 600,000	5,000
600,000	...	No Loss

Farm Loss Limits – Married persons filing separate returns (including married filing as head of household)		
Nonfarm Wisconsin Adjusted Gross Income		
More Than	But Not More Than	Maximum Allowable Loss
\$ 0	... \$ 27,500	Full Amount
27,500	... 37,500	\$10,000
37,500	... 50,000	8,750
50,000	... 75,000	7,500
75,000	... 100,000	6,250
100,000	... 125,000	5,000
125,000	... 150,000	3,750
150,000	... 300,000	2,500
300,000	...	No Loss

**Example** For 2000, a single person who is a nonresident is not actively engaged in farming. He reports a loss of \$35,000 on Schedule E from a Wisconsin farm partnership, a profit of \$5,000 on Schedule E from the rental of Wisconsin farmland, and a loss of \$30,000 on Schedule E from an S corporation that operates a farm in California. The person’s nonfarm Wisconsin adjusted gross income is \$60,000. His combined net losses from farming are \$35,000 (farm partnership loss). Since he’s a nonresident, the S corporation loss isn’t included in his Wisconsin income. The maximum farm loss he can deduct is \$20,000. He must include \$15,000 (\$35,000 combined net losses – \$20,000 maximum loss) on line 15.

- **Farm loss carryover** If you were subject to farm loss limitations (see above modification for farm losses for a description) on your 1986 or subsequent year Wisconsin income tax return, you may be able to claim a subtraction for all or a portion of the farm loss disallowed in those years. Farm losses disallowed as a deduction in 1986 or thereafter may be carried forward for 15 years to the extent that the farm losses are not offset against farm income of any year between the loss year and the year for which the carryover is claimed. The amount of carryover that can

Line 15 instructions – continued

be subtracted is the lesser of (1) the farm loss carryover or (2) the net profits or net gains from the sale or exchange of capital or business assets in the current taxable year from the same farming business or portion of that business to which the limits on deductible farm losses applied in the loss year.

**Example** You have a farm loss carryover from 1999 of \$30,000. For 2000 you report a net loss of \$2,000 on Schedule F and a net gain of \$6,000 from the sale of farm equipment on Form 4797. The gain and loss are from the same farming business to which the limitation applied in the loss year. You may subtract \$6,000 as a farm loss carryover.

- **Farmland tax relief and farmland preservation credits** Did you receive farmland tax relief or farmland preservation credit in 2000? If so, the total amount is taxable by Wisconsin. Include on line 15 any portion of your farmland tax relief and farmland preservation credits which weren't included as income on your federal return.
- **Federal net operating loss carryover** Don't include on line 15 any amount that you deducted on line 21 of federal Form 1040 as a federal net operating loss carryover.
- **Recoveries of federal itemized deductions** Don't include on line 15 any amount that you included in federal income that is a recovery of a federal itemized deduction for which you didn't receive a Wisconsin tax benefit.

**Example** You deducted a casualty loss of \$2,000 as an itemized deduction on your 1999 federal income tax return. You couldn't claim the casualty loss for the itemized deduction credit on your 1999 Wisconsin return. In 2000, you received a \$1,000 reimbursement from your insurance company for part of the casualty loss. You reported the \$1,000 on your 2000 federal income tax return as a recovery of an amount previously claimed. Wisconsin won't tax the \$1,000 because you didn't claim the casualty loss for the itemized deduction credit on your Wisconsin return.

- **Wisconsin net operating loss carryforward** If you had a net operating loss (NOL) in an earlier year to carry forward to 2000, include the allowable amount on line 15. Attach a statement showing how you figured the amount. Get Publication 120, *Net Operating Losses for Individuals, Estates, and Trusts*, from any Department of Revenue office for more details on computing the NOL and the allowable deduction.
- **Manufacturer's sales tax credit** Fill in the amount of manufacturer's sales tax credit that you computed for 2000. This is the amount from line 10 (line 11 for beneficiaries of an estate or trust) of Schedule MS. The amount of your credit is income and must be reported on your Wisconsin Form INPR, even if you cannot take the full credit this year and must carry part of it forward. (**Note** Manufacturer's sales tax credit that you receive from a partnership or a tax-option (S) corporation will be accounted for when you make the modifications described on page 11 for tax-option (S) corporations and partnerships.)

- **Long-term care insurance** If you paid long-term care insurance costs during 2000, you may be able to subtract all or a portion of the cost of a long-term care insurance policy which covers you or your spouse.

"Long-term care insurance policy" means a disability insurance policy or certificate advertised, marketed, offered, or designed

Line 15 instructions – continued

primarily to provide coverage for care that is provided in your home or in an institutional or community-based setting. The care must be convalescent or custodial care or care for a chronic condition or terminal illness.

"Long-term care insurance policy" does not include a medicare supplement policy or medicare replacement policy or a continuing care contract. "Continuing care contract" means a contract which provides nursing services, medical services, or personal care services, in addition to food, shelter, and laundry services, for the duration of a person's life or for a term in excess of one year, conditioned upon any of the following payments:

- An entrance fee in excess of \$10,000.
- Providing for the transfer of at least \$10,000 (if the amount is expressed in dollars) or 50% of the person's estate (if the amount is expressed as a percentage of the person's estate) to the service provider upon the person's death.

If you paid long-term care insurance costs during 2000 for a policy which covers you or your spouse, complete the following three steps to determine the amount of your subtraction.

**Step 1** Complete the following worksheet.

<b>Worksheet – Long-Term Care Insurance</b>	
1. Amount paid for long-term care insurance in 2000 . . . . .	1. _____
2. Portion of long-term care insurance cost included as a self-employed health insurance deduction on line 28 of federal Form 1040 . . . . .	2. _____
3. Portion of long-term care insurance cost deducted on federal Schedule C or F for your employe spouse . . . . .	3. _____
4. Add lines 2 and 3 . . . . .	4. _____
5. Subtract line 4 from line 1 . . . . .	5. _____

**Step 2** Use the following formula to prorate the long-term care insurance.

$$\begin{array}{rcl}
 \text{Amount} & & \text{Wages, unearned income, and} \\
 \text{from} & \times & \text{net earnings from a trade or} \\
 \text{line 5 of} & & \text{business* taxable by Wisconsin} \\
 \text{worksheet} & & \text{Total wages, unearned income,} \\
 & & \text{and net earnings from a trade} \\
 & & \text{or business*} \\
 & & \text{Tentative} \\
 & = & \text{subtraction}
 \end{array}$$

\* Use the total taxable wages, taxable unearned income (for example, interest, dividends, pensions, capital gains, etc.), and net earnings from a trade or business (include both spouses' income if married filing a joint return). Net earnings from a trade or business is income from self-employment, including ordinary income from a trade or business as reported on Form 4797, line 18, and less the deduction for one-half of self-employment tax. Do not include losses from a trade or business.

**Step 3** Your subtraction for long-term care insurance is the smaller of the tentative deduction computed in Step 2 or the amount of wages, unearned income, and net earnings from a trade or business taxable by Wisconsin.

Line 15 instructions – continued

- **Development zones credit** Include on line 15 the amount of your development zones credit that you computed in Part I of Wisconsin Schedule DC. The amount of your development zones credit is income and must be reported on Form 1NPR, even if you cannot take the full credit this year and must carry part of it forward. (**Note** Development zones credit that you receive from a partnership or tax-option (S) corporation will be accounted for when you make the modifications described on page 11 for tax-option (S) corporations and partnerships.)

- **Amounts not taxable by Wisconsin** Don't include on line 15 amounts not taxable by Wisconsin (less related expenses, except expenses used to figure the Wisconsin itemized deduction credit).

**Example** Wisconsin doesn't tax certain relocation assistance payments received by persons displaced by condemnation, subject to the conditions set forth in section 32.19 of the Wisconsin Statutes.

- **Adoption expenses** If you were a full-year resident of Wisconsin for 2000 and you adopted a child for whom a final order of adoption was entered by a Wisconsin court during 2000, you may subtract up to \$5,000 of the amount you paid for adoption fees, court costs, and legal fees relating to the adoption. You may include amounts paid during 1998, 1999, and 2000. Don't count amounts reimbursed under any adoption assistance program. If you adopt more than one child during the year, you may deduct up to \$5,000 of adoption expenses for each child.

- **Tuition expenses** You may be able to claim a subtraction for up to \$3,000 (per student) of the amount you paid during 2000 for tuition for you, your spouse (if married filing a joint return), and children whom you claim as dependents on your federal income tax return.

The tuition must have been paid during 2000 to attend any of the following:

- Classes **in Wisconsin** at a school which qualifies as a university, college, or technical college. A "university, college, or technical college" is any school which has a curriculum leading to a diploma, degree, or occupational or vocational objective.
- Classes **in Wisconsin** at other post-secondary (post-high school) schools that have been approved by the Wisconsin Educational Approval Board.
- Classes in Minnesota at a public vocational school or public institution of higher education in Minnesota **under the Minnesota–Wisconsin tuition reciprocity agreement**.
- Classes outside Wisconsin provided the tuition is paid to a university, college, or technical college located in Wisconsin.

The subtraction does not apply to tuition paid to pre-schools or elementary or secondary schools (for example, grade schools and high schools).

Tuition paid to a school which fits into one of the four categories listed above may be subtracted regardless of the type of course taken. For example, tuition paid for craft or recreational courses at a technical college qualifies for the subtraction.

Tuition paid to a school which does not fit into any of the four categories listed above may not be claimed as a subtraction. For example, the subtraction does not apply to a fee paid to a retail craft store to attend a session on flower arranging.

Line 15 instructions – continued

Tuition paid for correspondence courses or courses received via the Internet or other electronic transmission qualifies for the subtraction as long as the courses are taken in Wisconsin, and are presented by a school (located in or outside Wisconsin) which qualifies as a university, college, or technical college, or a school approved by the Wisconsin Educational Approval Board.

**Caution** The subtraction only applies to tuition. Amounts paid as separate charges for other items such as books, supplies, room and board, or other costs may not be subtracted. You cannot claim a subtraction for tuition paid with certain tax-free funds. For example, you cannot claim a subtraction for tuition paid with tax-free scholarships or Pell grants or for amounts paid or reimbursed to you by your employer. You can subtract tuition paid from loans, gifts, inheritances, and personal savings.

The subtraction is limited if your federal adjusted gross income exceeds certain amounts. Your federal adjusted gross income is the amount from:

- line 33 of Form 1040
- line 19 of Form 1040A
- line 4 of Form 1040EZ
- line I of your TeleFile Tax Record
- line 33 of Form 1040NR, or
- line 10 of Form 1040NR-EZ.

If your filing status is:

#### Single or Head of Household

- If your federal adjusted gross income is \$50,000 or less, complete Steps 2 and 3 on page 16 to figure the amount of your subtraction for tuition expense. Do not complete the worksheet in Step 1.
- If your federal adjusted gross income is more than \$50,000 but less than \$60,000, complete Steps 1-3 on page 16 to figure the amount of your subtraction.
- If your federal adjusted gross income is \$60,000 or more, you may not subtract any amount for tuition expenses.

#### Married Filing Joint Return

- If your federal adjusted gross income is \$80,000 or less, complete Steps 2 and 3 on page 16 to figure the amount of your subtraction for tuition expense. Do not complete the worksheet in Step 1.
- If your federal adjusted gross income is more than \$80,000 but less than \$100,000, complete Steps 1-3 on page 16 to figure the amount of your subtraction.
- If your federal adjusted gross income is \$100,000 or more, you may not subtract any amount for tuition expenses.

#### Married Filing Separate Return

- If your federal adjusted gross income is \$40,000 or less, complete Steps 2 and 3 on page 16 to figure the amount of your subtraction for tuition expense. Do not complete the worksheet in Step 1.
- If your federal adjusted gross income is more than \$40,000 but less than \$50,000, complete Steps 1-3 on page 16 to figure the amount of your subtraction.
- If your federal adjusted gross income is \$50,000 or more, you may not subtract any amount for tuition expenses.

Line 15 instructions – continued

**Step 1** Complete the worksheet below as required for your filing status.

### Tuition Expense Worksheet

**Caution** Only certain taxpayers are required to complete this worksheet. See the instructions for your filing status.

1. Amount paid for tuition in 2000. Do not fill in more than \$3,000 per student . . . . . 1. \_\_\_\_\_
2. Fill in your federal adjusted gross income . . . . . 2. \_\_\_\_\_
3. Fill in \$50,000 (\$80,000 if married filing joint return or \$40,000 if married filing separate return) . . . 3. \_\_\_\_\_
4. Subtract line 3 from line 2 . . . . . 4. \_\_\_\_\_
5. Divide the amount on line 4 by 10,000 (20,000 if married filing joint return). Fill in decimal amount . . . . . 5. \_\_\_\_\_
6. Multiply line 1 by the decimal amount on line 5 . . . . . 6. \_\_\_\_\_
7. Subtract line 6 from line 1. This is the amount of tuition expense to use in the formula in Step 2 . . . . . 7. \_\_\_\_\_

**Step 2** Use the following formula to prorate the tuition expense.

$$\text{Tuition expense}^* \times \frac{\begin{array}{l} \text{Wages, salaries, tips,} \\ \text{unearned income, and net earnings} \\ \text{from a trade or business}^{**} \\ \text{taxable by Wisconsin} \end{array}}{\begin{array}{l} \text{Total wages, salaries, tips,} \\ \text{unearned income, and net earnings} \\ \text{from a trade or business}^{**} \end{array}} = \text{Tentative subtraction}$$

\* This is the amount from line 7 of the Tuition Expense Worksheet in Step 1. If you were not required to use the worksheet, use the amount paid for tuition in 2000 but not more than \$3,000 per student.

\*\* If you are married filing a joint return, include the wages, salaries, tips, unearned income (for example, interest, dividends, etc.), and net earnings from a trade or business of both spouses. Net earnings from a trade or business is your income from self-employment, including ordinary income from a trade or business as reported on Form 4797, line 18, and less the deduction for one-half of self-employment tax. Do not include losses from a trade or business.

**Step 3** Your subtraction for tuition expense is the smaller of the tentative subtraction computed in Step 2 or the amount of wages, salaries, tips, unearned income, and net earnings from a trade or business taxable by Wisconsin.

- **College tuition and expenses program** You may subtract any amount included in federal adjusted gross income due to an increase in value of a tuition unit purchased under the Wisconsin college tuition and expenses program (EdVest Wisconsin).
- **Passive foreign investment company** Include on line 15 the amount of excess distribution from a passive foreign investment company which is allocable to Wisconsin and which has not been included in federal adjusted gross income (see federal Form 8621).

Line 15 instructions – continued

- **Settlements due to persecution** To the extent included in your federal adjusted gross income, you may subtract any settlement received or gain on assets recovered due to persecution by Nazi Germany or any Axis regime during 1933 to 1945.
- **Sale of business assets or assets used in farming to a related person** You may subtract the taxable portion of gain you realize from the sale or disposition to a related person of business assets or assets used in farming if the following conditions apply:
  - The related person is your child, grandchild, great grandchild, parent, brother or sister, nephew or niece, grandparent, great grandparent, or aunt or uncle. The person may be related to you by blood, marriage, or adoption.
  - The asset was held by you for more than 12 months.
  - The gain is treated as capital gain for federal tax purposes. Amounts treated as ordinary income do not qualify.

Gain on the sale or disposition of shares in a corporation or trust qualifies only if:

- The number of shareholders or beneficiaries does not exceed 15. Lineal ancestors and descendants and aunts, uncles, and 1st cousins thereof count collectively as one shareholder or beneficiary. This collective authorization may not be used for more than one family in a single corporation or trust.
- The corporation does not have more than two classes of shares.
- All shareholders or beneficiaries, other than any estate, are natural persons.

**Farming** “Farming” means the cultivation of land or the raising or harvesting of any agricultural or horticultural commodity including the raising, shearing, feeding, caring for, training, and management of animals. Trees (other than trees bearing fruit or nuts) are not treated as an agricultural or horticultural commodity. (Trees may qualify as a business asset, see below.)

**Business Assets** “Business assets” are assets used in an activity carried on for a livelihood or in good faith to make a profit. The facts and circumstances of each case determine whether or not an activity is a business. Regularity of activities and transactions and the production of income are important elements. You do not need to actually make a profit to be in a business as long as you have a profit motive. You do need, however, to make ongoing efforts to further the interests of your business.

“Business assets” include assets used in the performance of services by an individual as an employe and assets used in the conduct of a trade or business by an individual who is self-employed.

“Business assets” do not include investment and rental property (for example, stocks, bonds, and residential rental property) unless you are subject to federal self-employment tax on the earnings from the activity. (**Note** Rental property which is a farm or farm equipment may qualify as an asset “used in farming.”)

**Computing the subtraction** You must first complete Wisconsin Schedule WD. The amount of gain that may be subtracted is determined after netting all capital gains and losses on Schedule WD.

- If amounts reported in Parts I and II of Schedule WD consist only of capital gains, your subtraction is equal to 40% of the gain on the sale of the asset to the related person.

Line 15 instructions – continued

- If the amount on line 15 or 16 of Schedule WD is a net loss, you may not subtract any amount as gain on the sale of the asset to the related person.
- If the amount on line 16 of Schedule WD is a net gain and (1) the only gain reported on Schedule WD is from the sale of the asset to the related person and (2) you show a loss on line 14, column (f) of Schedule WD and/or on line 7 of Schedule WD, your subtraction is equal to the amount on line 19 of Schedule WD.
- If the amount on line 16 of Schedule WD is a net gain and (1) the only long-term gain reported on Schedule WD is from the sale of the asset to the related person, (2) you show a loss on line 14, column (f) of Schedule WD, and (3) you show a gain on line 7 of Schedule WD, your subtraction is equal to the amount on line 19 of Schedule WD less the amount on line 7 of Schedule WD.
- If the amount on line 16 of Schedule WD is a net gain and (1) that net gain includes more than one long-term capital gain and (2) you show a loss on line 14, column (f) of Schedule WD and/or on line 7 of Schedule WD, complete the following worksheet to compute your subtraction.
- If the amount on line 16 of Schedule WD is a net gain and (1) that net gain includes more than one long-term capital gain, (2) you show a loss on line 14, column (f) of Schedule WD, and (3) you show a gain on line 7 of Schedule WD, complete the following worksheet to compute your subtraction.

<b>Worksheet for Gain on Sale of Assets to Related Person</b>	
1. Amount from line 19 of Schedule WD . . .	1. _____
2. Net short-term gain, if any, from line 7 of Schedule WD . . . . .	2. _____
3. Subtract line 2 from line 1 . . . . .	3. _____
4. Long-term gain on the sale of asset to related person . . .	4. _____
5. Total long-term capital gain from line 14, column (g) of Schedule WD . . . . .	5. _____
6. Divide line 4 by line 5. Fill in decimal amount . . . . .	6. _____
7. Multiply line 3 by line 6. This is your subtraction for gain on the sale of assets to a related person . . . . .	7. _____

- **Repayment of income previously taxed** If you had to repay during 2000, an amount that you included in your Wisconsin income in an earlier year, you may be able to subtract the amount repaid. A subtraction may be claimed only for repayments that are allowed as a miscellaneous itemized deduction on line 26 or 27 of your federal Schedule A.

If you did not itemize deductions for federal tax purposes, use the amounts that would be deductible if you had itemized deductions. To determine the amounts to use, complete a federal Schedule A. Write “Wisconsin” at the top of this Schedule A and attach it to your Form 1NPR.

**Caution** Only amounts previously included in Wisconsin income may be claimed as a subtraction.

Line 15 instructions – continued

If the amount repaid was over \$3,000, you may either subtract the repayment as described above *or* take a tax credit. See the instructions for line 60.

**Line 17 IRA deduction**

**Federal column** Fill in the amount from line 23 of federal Form 1040 or line 16 of Form 1040A.

**Wisconsin column** Fill in the amount of IRA deduction allowable for Wisconsin.

- Use the following formula to figure your allowable IRA deduction. (**Note** An IRA deduction is allowable for Wisconsin only if the owner of the IRA has wages or net earnings from a trade or business taxable to Wisconsin.)
- If you are married filing a joint return and both you and your spouse qualify for an IRA deduction, you must separately figure each spouse’s allowable IRA deduction. Fill in the total of both your and your spouse’s allowable IRA deductions in Col. B of Form 1NPR.

Your wages and net earnings from a trade or business* taxable to Wisconsin	x	Your IRA deduction from line 23, Form 1040, or line 16, Form 1040A	=	IRA deduction allowable for Wisconsin to line 17, Col. B Form 1NPR
Your total wages and net earnings from a trade or business*				

\* Do not reduce your wages by losses from self-employment. Do not include your spouse’s wages or earnings from a trade or business.

**Line 18 Student loan interest deduction**

**Federal column** Fill in the amount from line 24 of federal Form 1040 or line 17 of Form 1040A.

**Wisconsin column** Fill in the amount of student loan interest deduction from the federal column.

**Line 19 Medical savings account deduction**

**Federal column** Fill in the amount from line 25 of federal Form 1040.

**Line 20 Moving expenses**

**Federal column** Fill in the amount from line 26 of federal Form 1040.

**Wisconsin column** *Nonresidents* – don’t fill in any amount on line 20. *Part-year and full-year residents* – fill in your expenses from line 26 of federal Form 1040 which were for moving into Wisconsin or within Wisconsin. Don’t include expenses for moving out of Wisconsin if your new domicile is outside Wisconsin. You may include expenses for moving out of Wisconsin only if you retained your Wisconsin domicile.

## Line 21 One-half of self-employment tax

**Federal column** Fill in the amount from line 27 of federal Form 1040.

**Wisconsin column** Fill in the allowable deduction for self-employment tax. Use the following formula to figure the deduction:

$$\begin{array}{r} \text{Net earnings from} \\ \text{a trade or business} \\ \text{taxable to Wisconsin} \\ \hline \text{Total net earnings from} \\ \text{a trade or business} \end{array} \times \begin{array}{r} \text{Self-employment} \\ \text{tax deduction} \\ \text{from line 27,} \\ \text{Form 1040} \end{array} = \begin{array}{r} \text{Wisconsin} \\ \text{self-employment} \\ \text{tax deduction to} \\ \text{line 21, Col. B} \\ \text{Form 1NPR} \end{array}$$

**Note** If you are married filing a joint return and both you and your spouse had self-employment income, you must figure each spouse's allowable deduction separately. Fill in the total of both spouses' allowable deduction on line 21 of Form 1NPR.

## Line 22 Self-employed health insurance deduction

**Federal column** Fill in the amount from line 28 of federal Form 1040.

**Wisconsin column** If you are self-employed, see the modification for medical care insurance on page 7. Fill in your Wisconsin self-employed medical care insurance deduction on line 22.

## Line 23 Self-employed SEP, SIMPLE, and qualified plans

**Federal column** Fill in the amount from line 29 of federal Form 1040.

**Wisconsin column** Fill in the amount of the self-employed SEP, SIMPLE, and qualified plan (Keogh) deduction allowable for Wisconsin.

- Use the following formula, as appropriate, to figure the amount of your Keogh and self-employed SEP and SIMPLE deduction allowable for Wisconsin.
- If you are married filing a joint return and both you and your spouse had a Keogh or self-employed SEP or SIMPLE deduction, you must figure each spouse's allowable deduction separately. Fill in the total of each spouse's deduction on line 23 of Form 1NPR.
- If you have both a Keogh and self-employed SEP or SIMPLE deduction, figure the allowable deduction for each separately. Fill in the total of the allowable deductions on line 23 of Form 1NPR.

Formula to figure allowable Keogh deduction:

$$\begin{array}{r} \text{Your net earnings from} \\ \text{a trade or business*} \\ \text{taxable to Wisconsin} \\ \hline \text{Your total net earnings} \\ \text{from a trade or business*} \end{array} \times \begin{array}{r} \text{Keogh} \\ \text{deduction} \\ \text{included in} \\ \text{line 29,} \\ \text{Form 1040} \end{array} = \begin{array}{r} \text{Keogh deduction} \\ \text{allowable for} \\ \text{Wisconsin to} \\ \text{line 23, Col. B} \\ \text{Form 1NPR} \end{array}$$

\* Use net earnings only from the business that has the Keogh plan.

■ **Line 33b Aliens**

If for federal tax purposes you are a dual-status or nonresident alien for 2000, check the box and fill in -0- on lines 33c and 33e. You can't claim a standard deduction.

**Exception** If, at the end of 2000, one spouse was a nonresident alien or a dual-status alien and the other spouse was a U.S. citizen or a resident alien and you qualify to file a joint return (as explained on page 5), do not check this box. Complete lines 33c through 33e.

**Exception**

• **Taxpayers who file short period returns or federal Form 4563 to claim an exclusion of income from sources within U.S. possessions** If you file a short period return or claim an exclusion of income from sources within U.S. possessions, you can't claim a standard deduction. Fill in -0- on line 33c and check the box on line 33b.

■ **Line 33e Wisconsin standard deduction**

Multiply the standard deduction on line 33c by the ratio on line 33d. Fill in the result on line 33e.

**Exception**

• **Dependents** If you can be claimed as a dependent for income tax purposes by another person, your standard deduction is limited. Use the worksheet on the top of this page to figure your standard deduction.

■ **Line 35a Deduction for exemptions**

If married filing a joint return and both spouses were age 65 or older on December 31, 2000, you may claim an additional exemption of \$200 for yourself and \$200 for your spouse. Check the box by line 35c if you (and/or your spouse if filing a joint return) were age 65 or older on December 31, 2000.

You may also claim an exemption of \$600 for each person who qualifies as your dependent for federal income tax purposes. Fill in the number of dependents on line 35b. Do not count yourself or your spouse as dependents.

**Exception** A personal exemption is not allowed for a person who can be claimed as a dependent on someone else's return. ## Line 37 Tax

Use Schedule 1 on page 3 of Form 1NPR to figure your tax. Fill in the amount of tax from line 21 of Schedule 1 on line 37 of Form 1NPR.

## Line 38 Wisconsin itemized deduction credit

If the total of certain federal itemized deductions exceeds your Wisconsin standard deduction, you may claim the Wisconsin itemized deduction credit.

Complete Schedule 2 on page 4 of Form 1NPR to see if you can claim the credit. Schedule 2 lists the specific deductions to use from federal Schedule A (see following exceptions).

If you did not itemize deductions for federal tax purposes, use the amounts which would be deductible if you had itemized deductions. To determine the amounts to use, complete a federal Schedule A. Write "Wisconsin" at the top of this Schedule A and attach it to Form 1NPR.

**Exceptions** Even though Schedule 2 has entry lines for medical expenses, interest paid, and gifts to charity, not all of the amounts of these items that are deducted on federal Schedule A can be used for the Wisconsin itemized deduction credit. The following describes the portion of these items that may not be used to compute the Wisconsin itemized deduction credit.

- Medical expenses – the amount of medical care insurance and long-term care insurance claimed as a subtraction for Wisconsin.
- Interest – paid on a second home located outside Wisconsin.
  - paid on a residence which is a boat.
  - paid to purchase or hold U.S. government securities.
- Contributions and interest allocated to you by a tax-option (S) corporation if you treated the deduction as a subtraction.

**Note** The line references on Schedule 2 are to Schedule A of federal Form 1040. If you are filing federal Form 1040NR, fill in only the amount from line 7 of Schedule A of Form 1040NR (Gifts to U.S. Charities) on line 3 of Schedule 2.

## Line 39 School property tax credit

*Nonresidents* – don't fill in any amount on these lines. Nonresidents aren't eligible for the school property tax credit.

**Note** If you are filing a joint return and one spouse is a full-year or part-year Wisconsin resident but the other is a nonresident, you can claim the school property tax credit. Figure your credit by using the rent and property taxes of both spouses.

*Part-year and full-year residents* – read the following instructions if you paid rent during 2000 for living quarters used as your principal home or property taxes during 2000 on your home.

### Special cases

**If you paid both property taxes and rent** You may claim both the renter's credit and the homeowner's credit. The total combined credit claimed on lines 39a and 39b can't be more than \$300 (\$150 if married filing a separate return or if married filing as head of household).

*Line 39 instructions – continued*

**Married persons filing a joint return** Figure your credit by using the rent and property taxes paid by both spouses.

**Married persons filing separate returns or married persons filing as head of household** Each spouse can claim a credit. Each of you can use only your own property taxes and rent to figure the credit. The maximum credit allowable to each spouse is \$150.

**Persons who jointly own a home or share rented living quarters** When two or more persons (other than husband and wife) jointly own a home or share rented living quarters, each may claim a credit. However, the property taxes and rent paid must be divided among the owners or occupants. See the instructions for lines 39a and 39b.

## Line 39a How do I figure the renter's school property tax credit

**Step 1 Rent paid in 2000** Fill in on the appropriate line(s) the total rent that you paid in 2000 for living quarters (1) where the heat was included in the rent, and (2) where the heat was not included in the rent. These living quarters must have been used as your principal home but don't have to be located in Wisconsin. Don't include any rent that you may claim as a business expense. Don't include rent paid for housing that is exempt from property taxes. (Property owned by a public housing authority is considered tax-exempt unless that authority makes payments in place of property taxes to the city or town in which it is located. If you live in public housing, you may wish to ask your manager about this.)

If your rent included food, housekeeping, medical, or other services, reduce your rent paid in 2000 by the value of these items. If you shared living quarters with one or more persons (other than your spouse or dependents), fill in only the portion of the total rent that you paid in 2000. For example, if you and two other persons rented an apartment and paid a total rent of \$3,000 in 2000, and you each paid \$1,000 of the rent, each could claim a credit based on \$1,000 of rent.

**Step 2** Use the Renter's School Property Tax Credit Table on page 21 to figure your credit. If heat was included in your rent, use column 1 of the table. If heat was not included, use column 2. Fill in your credit on line 39a.

**Exception** If you paid both rent where heat was included and rent where heat was not included, complete the following worksheet.

### Renter's Worksheet

*(Complete only if Exception described above applies)*

1. Credit for rent with heat included (from Col. 1 of Table on page 21) . . . 1. \_\_\_\_\_
2. Credit for rent where heat not included (from Col. 2 of Table on page 21) . . . . . 2. \_\_\_\_\_
3. Add lines 1 and 2. Fill in on line 39a of Form 1NPR\* . . . . . 3. \_\_\_\_\_

\*Do not fill in more than \$300 (\$150 if married filing a separate return or married filing as head of household).

**Line 39b How do I figure the homeowner’s school property tax credit**

**Step 1 Property taxes paid on home in 2000** Fill in the property taxes you *paid* in 2000 on your home. Your home doesn’t have to be located in Wisconsin. Don’t include the following:

- Charges for special assessments, delinquent interest, or services that may be included on your tax bill (like trash removal, recycling fee, or a water bill).
- Property taxes that you can claim as a business expense (for example, farm taxes or rental property taxes).
- Property taxes paid on nonbusiness property (such as a cottage or vacant land) other than your home.
- Property taxes paid in any year other than 2000.

The property taxes for your home to be filled in are further limited as follows:

- If you bought or sold your home during 2000, the property taxes of the seller and buyer are the taxes set forth for each in the closing agreement made at the sale or purchase of the home. If the closing agreement does not divide the taxes between the seller and buyer, divide the property taxes between the seller and the buyer on the basis of the number of months each one owned the home.
- If you owned a mobile home during 2000, property taxes include the parking permit fees paid to your municipality and/or the personal property taxes paid on your mobile home. (Payments for space rental should be filled in as rent on line 39a.)

Line 39b instructions – continued

c. If you, or you and your spouse, owned a home jointly with one or more other persons, you may only use that portion of the property taxes which reflects your percentage of ownership. For example, if you and another person (not your spouse) jointly owned a home on which taxes of \$1,500 were paid, each of you can claim a credit based on \$750 of taxes.

**Step 2** Use the Homeowner’s School Property Tax Credit Table below to figure your credit. Fill in the amount of your credit on line 39b.

**Caution** If you are also claiming the renter’s credit on line 39a, the total of your renter’s and homeowner’s credits can’t be more than \$300 (\$150 if married filing a separate return or married filing as head of household).

Line 47 instructions – continued

- both you and your spouse have qualified earned income taxable by Wisconsin, and
- you do not file federal Form 2555 or Form 2555EZ to claim an exclusion of foreign earned income, or Form 4563 to claim an exclusion of income from sources in United States possessions.

To figure the credit, fill in Schedule 3 on page 4 of Form 1NPR. Figure earned income separately for yourself and your spouse on lines 1 through 5 in columns (A) and (B) of Schedule 3.

“Earned income” includes taxable wages, salaries, tips, other employe compensation, scholarships and fellowships (only amounts reported on a W-2), disability income treated as wages, and net earnings from self-employment reported to Wisconsin. Earned income doesn’t include interest, dividends, unemployment compensation, rental income, social security, pensions, or annuities. Don’t consider the Wisconsin marital property law, marital property agreements, or unilateral statements in figuring each spouse’s earned income.

■ **Line 48 Manufacturer’s sales tax credit**

The manufacturer’s sales tax credit is available for the amount of sales and use tax paid on fuel and electricity consumed in manufacturing in Wisconsin. If you qualify for this credit, attach a completed Schedule MS to your Form 1NPR. Fill in on line 48 of Form 1NPR the amount from line 19 of Schedule MS.

■ **Line 51 Sales and use tax due on out-of-state purchases**

If during 2000 you made any taxable purchases from out-of-state firms on which sales and use tax was not charged, you must report Wisconsin sales and use tax on these purchases on line 51 if they were stored, used, or consumed in Wisconsin. Taxable purchases include furniture, carpet, clothing, computers, books, CDs, cassettes, video tapes, jewelry, coins purchased for more than face value, etc. For example, if you purchased \$300 of clothing through a catalog or over the internet from an out-of-state company, no sales and use tax was charged, and it was delivered in a county with a 5% tax rate, you are liable for \$15 Wisconsin tax (\$300 x 5% = \$15) on this purchase.

Complete the worksheet below to determine whether you are liable for Wisconsin sales and use tax. Fill in the amount from line 3 of the worksheet on line 51 of Form 1NPR.

### Line 52 Recycling surcharge

The recycling surcharge applies to individuals who:

- Have nonfarm trade or business activities in Wisconsin (including activities as a statutory employee) *and* have \$4,000,000 or more of gross receipts from nonfarm trade or business activities for federal income tax purposes, and/or
- Have farming activities in Wisconsin *and* have more than \$1,000,000 of gross receipts from farming for federal income tax purposes.

If you are subject to the recycling surcharge, complete Wisconsin Schedule RS. Fill in the amount from line 4 of Schedule RS on line 52 of Form 1NPR. Attach a copy of Schedule RS to Form 1NPR.

### Line 53 Endangered resources donation

Your donation supports the preservation and management of more than 200 endangered and threatened Wisconsin plants and animals. It helps ensure a future for trumpeter swans, timber wolves, calypso orchids, and Karner blue butterflies, to name a few. It also helps protect Wisconsin's finest remaining examples of prairies, forests, and wetlands. All gifts (up to a total of \$500,000) will be matched by general purpose revenue, which makes your gift twice as important to endangered resources.

Consider a gift of \$15, \$25, \$50, or \$75, or choose your own amount, and support endangered resources in Wisconsin. Fill in line 53 with the amount you wish to donate. Your gift will either reduce your refund or be added to tax due. Or, send a check directly to: Endangered Resources Fund, Department of Natural Resources, PO Box 7921, Madison WI 53707.

### Line 54 Penalties on IRAs, other retirement plans, MSAs, etc.

*Nonresidents* – don't fill in this line. (**Exception** See "Penalty for selling business assets (or assets used in farming) purchased from a related person within 24 months" below.) *Part-year and full-year residents* – fill in this line if (1) you owe any of the federal penalty taxes listed below and (2) the action which caused you to owe the federal penalty tax occurred while you were a Wisconsin resident.

- Tax on IRAs, other retirement plans, and MSAs (from line 54 of federal Form 1040).
- Total tax due from lines 4, 8, 17, 25, 33, 41, and 45 of federal Form 5329 (include only if the tax due on this form was paid separately and is not included on line 54 of your federal Form 1040).
- Tax on excess contributions (line 2 of federal Form 5330).
- Tax on prohibited transactions (line 6 of federal Form 5330).
- Section 72(m)(5) excess benefits tax (included in the total on line 57 of federal Form 1040).
- Tax on distributions from an MSA not used for qualified medical expenses.

If you are subject to the Wisconsin penalty, fill in the total of your federal penalty taxes in the space provided on line 54. Multiply the amount filled in by .33 (33%) and fill in the result on line 54. If you were required to file federal Form 5329 or 5330, attach a copy of your Form 5329 or 5330 to your Form 1NPR.

**Note** You are not subject to the penalty on payments from certain retirement plans if the payments are exempt from Wisconsin tax. See the modifications for line 10 for information on the retirement payments from local and state retirement systems and federal retirement systems which are exempt from Wisconsin tax.

**Penalty for selling business assets (or assets used in farming) purchased from a related person within 24 months** Capital gain on the sale or disposition of business assets or on assets used in farming may be excluded from Wisconsin taxation if the assets were held more than one year and the assets are disposed of to certain related persons. The related person who purchases or otherwise receives the assets on which the gain is excluded is subject to a penalty if he/she sells or otherwise disposes of the assets within two years. The penalty does not apply in the case of an involuntary conversion (for example, assets are destroyed by fire or livestock dies).

If you are subject to this penalty, contact any department office for information on how to compute the penalty. Include the amount of the penalty on line 54 of Form 1NPR. Write "RP" to the right of line 54.

### Line 56 Wisconsin income tax withheld

Add the **Wisconsin** income tax withheld shown on your withholding statements (Forms W-2, W-2G, 1042S, 1099-G, 1099-R, and 1099-MISC). Fill in the total on line 56. Attach readable copies of your withholding statements to page 3 of Form 1NPR.

**Note** Wisconsin tax withheld is shown in Box 18 of Form W-2 or Box 10 of Form 1099-R, but only if Wisconsin is the state identified in Box 16 of Form W-2 or Box 11 of Form 1099-R.

*Line 56 instructions – continued*

DO NOT claim credit for tax withheld for other states. DO NOT claim amounts marked social security or Medicare tax withheld. DO NOT claim credit for federal tax withheld. DO NOT include withholding statements from other tax years. DO NOT write on or change or attempt to correct the amounts on your withholding statements.

It is your responsibility to ensure that your employer or other payer has provided withholding statements that:

1. Are clear and easy to read.
2. Show withholding was paid to Wisconsin.

If you do not have a withholding statement or need a corrected withholding statement, contact your employer or other payer.

### ■ Line 57 2000 Wisconsin estimated tax payments and amount applied from 1999 return

Fill in the total of (1) any overpayment of 1999 income tax you were allowed as a credit on your 2000 Wisconsin estimated tax, and (2) any Wisconsin estimated tax payments you made for 2000. If you are married and file a joint return, add together (1) the total of both spouses' separate estimated tax payments, (2) any joint estimated tax payments you made, and (3) the total overpayments of 1999 income tax you and your spouse were allowed as credit to your 2000 estimated tax account(s).

If you are filing a separate tax return, you may not claim any part of your spouse's separate estimated tax payments or credits. You and your spouse may split your joint estimated tax payments and credits between you as you choose. If you cannot agree on how joint estimated tax payments are to be split between you, the department will split them between you according to your respective income tax liabilities.

Follow these instructions even if your spouse died during 2000.

**Name change** Did you change your name because of marriage or divorce? If so, and you made estimated tax payments using your former name, attach a statement to the front of Form 1NPR explaining all the payments you and your spouse made for 2000 and the name(s) and social security number(s) under which you made the payments.

### ■ Line 58 Earned income credit

*Nonresidents and part-year residents* – don't fill in any amount. Only full-year Wisconsin residents are eligible for the Wisconsin earned income credit.

**Note** If you are filing a joint return and one spouse is a full-year Wisconsin resident, you may claim the Wisconsin earned income credit if you claimed the federal earned income credit and you had a qualifying child.

To claim the Wisconsin earned income credit, complete the following steps and fill in the required information in the spaces provided on line 58.

**Step 1** Fill in the number of children who meet the requirements of a "qualifying child" for purposes of the federal earned income credit (see the instructions for the earned income credit in your federal return for definition of a "qualifying child").

*Line 58 instructions – continued*

**CAUTION** For federal purposes only your first two qualifying children are counted. For Wisconsin purposes all of your qualifying children are counted.

**Note** If your qualifying child is not claimed as a dependent on your return, write the child's name(s) above line 58.

**Step 2** Fill in the earned income credit from line 38a of federal Form 1040A or line 60a of Form 1040. (**Exception** If you were required to reduce your federal earned income credit because you owed alternative minimum tax, fill in the amount of your earned income credit before the reduction for alternative minimum tax.)

**Step 3** Fill in the percentage rate which applies to you.

Number of qualifying children (see Step 1 above)	Fill in this percentage rate
1	4%
2	14%
3 or more	43%

**Step 4** Multiply the amount of your federal credit (Step 2) by the percentage determined in Step 3. Fill in the result on line 58. This is your Wisconsin earned income credit.

**Note** If the IRS is computing your federal earned income credit and you want the department to compute your Wisconsin earned income credit for you, fill in the number of your qualifying children in the space provided on line 58. Write "EIC" in the space to the right of line 58. Complete your return through line 62 of Form 1NPR. Attach a copy of your federal return (Form 1040A or Form 1040) to your Form 1NPR.

### ■ Line 59 Farmland preservation credit

*Nonresidents and part-year residents* – don't fill in any amount. Only full-year Wisconsin residents are eligible for farmland preservation credit.

**Note** If you are filing a joint return and one spouse is a full-year Wisconsin resident, the resident spouse may be able to claim farmland preservation credit. Fill in the amount from line 16 of your Schedule FC on line 59. If you are claiming farmland preservation credit, attach your completed Schedule FC to your Form 1NPR.

### ■ Line 60 Net income tax paid to another state on income earned while a Wisconsin resident

*Nonresidents* – don't fill in any amount (except amounts paid by a tax-option (S) corporation on income earned while you were a Wisconsin resident). *Part-year and full-year residents* – read the instructions below if you paid income taxes to another state.

Did you pay income tax to another state or the District of Columbia on income earned while you were a Wisconsin resident? If so, you may be entitled to claim a credit for such income tax on your Wisconsin return. To qualify for a credit, the income that was taxed by the other state must also be taxed by Wisconsin. You can't claim credit for other taxes paid such as city tax, severance tax, county tax, or foreign tax. If you paid "minimum tax" to another state, you may be able to claim a credit for this tax. For further information, get Publication 125, *Credit for Tax Paid to Another State*, from any Department of Revenue office.

Line 60 instructions – continued

**Note** You can't claim credit for taxes paid to Illinois, Indiana, Kentucky, Michigan, or Minnesota on wages earned in those states. Generally, under agreements with these 5 states, they don't tax the wages of Wisconsin residents. If income taxes were withheld from your wages for any of these states, you must file a return with that state to obtain a refund. On that state's return, be sure to explain that you were a Wisconsin resident when earning the wages in that state.

**How do I figure my credit for tax paid to another state?** Fill in an income tax return from the other state to figure the net tax due. Fill in that amount on line 60 of Form 1NPR. The amount on line 60 can't be more than the amount shown on line 50 of Form 1NPR. **Don't fill in on line 60 either the amount of tax withheld as shown on the withholding statement (W-2 or other withholding form) from the other state or the amount of estimated tax you paid to the other state.**

**Note** If only part of the income taxed by the other state is taxed by Wisconsin (for example, capital gain on assets held more than one year is taxed 100% for Illinois but only 40% for Wisconsin), you must limit the credit claimed on line 60. Use the following formula to figure the amount of credit you may claim.

$$\frac{\text{Income taxable to both Wisconsin and other state}}{\text{Total income taxable to other state}} \times \frac{\text{Total net income tax paid to other state}}{\text{Amount of credit allowable against Wisconsin tax}}$$

Fill in the amount of your credit on line 60. If only part of the income taxed by the other state is taxed by Wisconsin, attach an explanation of how you figured your credit.

**What do I have to attach to claim the credit?** To claim the credit, attach to your Form 1NPR a complete copy of your income tax return from the other state and your withholding statement (W-2 or other withholding form) from the other state. If you are claiming the credit for tax paid to another state as a member of a limited liability company (LLC) treated as a partnership or as a shareholder in a tax-option (S) corporation, attach a copy of the Wisconsin Schedule 3K-1 or 5K-1 you received from the LLC or tax-option (S) corporation. If the LLC or corporation did not file a Wisconsin return, submit federal Schedule K-1 plus a statement from the LLC or (S) corporation listing the states where tax was paid and the amount of each state's tax allocable to you. Copies of any combined or composite individual income tax returns filed by the LLC or corporation on your behalf should be attached to your Wisconsin return.

**Credit for repayment of income previously taxed** If you repaid during 2000, an amount that you included in income in an earlier year because at that time you thought you had an unrestricted right to it, you may be able to claim a credit based on the amount repaid. To qualify for the credit, the amount repaid must be over \$3,000 and cannot have been subtracted in computing Wisconsin adjusted gross income or used in computing the Wisconsin itemized deduction credit.

Use the following steps to compute your credit:

- (1) Refigure your tax from the earlier year without including in income the amount you repaid in 2000.
- (2) Subtract the tax in (1) from the tax shown on your return for the earlier year. The difference is the amount of your credit.

Fill in the amount of your credit on line 60 of Form 1NPR, and write "Repayment Credit" in the area to the right of line 60.

## Line 61 Homestead credit

*Nonresidents and part-year residents* – don't fill in any amount. Only full-year Wisconsin residents are eligible for homestead credit.

**Note** If you are filing a joint return and one spouse is a full-year Wisconsin resident, the resident spouse may be able to claim homestead credit. Fill in the amount from line 19 of Schedule H on line 61. Attach your completed Schedule H to Form 1NPR.

## Line 62 Farmland tax relief credit

*Nonresidents and part-year residents* – don't fill in any amount. Only full-year Wisconsin residents are eligible for farmland tax relief credit.

**Note** If you are filing a joint return and one spouse is a full-year Wisconsin resident, the resident spouse may be able to claim the farmland tax relief credit.

*Full-year residents* – read the instructions which follow.

You may qualify for the farmland tax relief credit if you meet the following conditions:

1. You are a full-year resident of Wisconsin.
2. You or a member of your household must have been the owner of at least 35 acres of Wisconsin farmland during the 2000 taxable year. Household means an individual, his or her spouse, and all dependents while they are under age 18.
3. Your 1999 property taxes for the farmland on which the credit is based must have been paid.
4. The farmland must be in agricultural use. The farm of which the farmland is a part must have produced at least \$6,000 of gross farm profits during 2000 or at least a total of \$18,000 in gross farm profits for 1998, 1999, and 2000 combined. However, if at least 35 acres of your farmland was enrolled in the Conservation Reserve Program during all or part of 2000, you do not have to meet this gross farm profits requirement.

Gross farm profits means gross receipts, excluding rent, from the land's agricultural use, less the cost or other basis of livestock or other items purchased for resale which are sold or otherwise disposed of during the taxable year. Gross farm profits include the fair market value, at the time of disposition, of payments-in-kind received for placing land in federal programs. If you rent out your farmland, the renter's gross profits are used to satisfy this requirement. Gross farm profits do not include the fair market value of crops grown but not sold during the year, fuel tax credits or refund, or a previous year's farmland preservation or farmland tax relief credit.

Only one member of a household may claim the credit. If two or more members of a household each qualify (for example, where a husband and wife have entered into a farm partnership agreement), they must determine between themselves who the claimant will be. If they are unable to agree, the matter may be referred to the Secretary of Revenue, whose decision will be final.

A claimant may be (1) an individual, (2) each member of a partnership (except publicly traded partnerships) having a joint or common interest in land, (3) a shareholder in a tax-option (S) corporation, (4) the vendee under a land contract, or (5) a guardian

Line 62 instructions – continued

on behalf of a ward. When farmland is subject to a life estate, the person who has an ownership interest and is operating the farm and paying the property taxes is the owner who may claim the credit.

Fill in the property taxes on your Wisconsin farmland (exclusive of improvements) in the space provided on line 62, but do not fill in more than \$10,000. The credit is based on property taxes levied on your farmland during the 2000 calendar year. This is your 2000 property tax bill (payable in 2001). You can use up to \$10,000 of property taxes to compute the credit. This includes property taxes on all land which is in agricultural use, less any state aid or credit. Do not include property taxes on any improvements (for example, farm buildings or a residence), special assessments, special charges, or interest.

**Note** Your property tax bill may include property taxes on both the farmland and improvements. Use the following formula to determine the portion of the property taxes attributable only to the land.

If you have more than one property tax bill, apply the formula to each bill separately.

$$\frac{\text{Assessed value of land}}{\text{Total assessed value of land and improvements}} \times \frac{\text{Property taxes levied in 2000 before lottery and gaming credit}}{\text{Portion of property taxes to be used for the credit}} = \text{Portion of property taxes to be used for the credit}$$

If the farmland is co-owned with someone other than a member of your household, use only those taxes on the farmland which reflect your ownership percentage.

If you sold the farmland on which this claim is based during the taxable year, fill in only that portion of the property taxes on the farmland which is allocated to you in the closing agreement pertaining to the sale of the property (use the above formula if improvements are included). If the amount is not set forth in a closing agreement, you may not use any of these taxes in your computation.

If you purchased the farmland on which this claim is based during the taxable year, fill in the property taxes on the farmland less any amount allocated to the seller in the closing agreement (use the above formula if improvements are included). If the amount is not set forth in a closing agreement, fill in the total taxes on the farmland.

When property is transferred during the claim year by a method other than a sale, such as through gift, divorce, death, bankruptcy, foreclosure, or repossession, the owner of the property on the tax levy date is the owner who may claim the credit. The tax levy date is the date the property tax roll is delivered to the local treasurer for collection, usually in early December of each year.

If the farmland is owned by a tax-option (S) corporation or by a partnership, fill in the amount of property taxes on the farmland (but not more than \$10,000) as reflects the ownership percentage of you and your household. You may have to contact the tax-option (S) corporation or the partnership to get information on the amount of taxes levied on the farmland during 2000.

Fill in the amount of your credit on line 62 of Form 1NPR. The credit is equal to 11% of the property taxes on your farmland up to a maximum credit of \$1,100. **(Caution)** If you are claiming farmland preservation credit on line 59, the total of your farmland preservation credit and your farmland tax relief credit cannot exceed 95% of the property taxes on the farm. If your credits exceed this amount, you should reduce your farmland tax relief credit accordingly.)

Line 62 instructions – continued

Attach a copy of your 2000 property tax bill(s) to Form 1NPR. **(Note)** If you are also claiming farmland preservation credit or homestead credit on Form 1NPR and have attached a copy of your 2000 property tax bill(s) to your Schedule FC or Schedule H, you do not have to attach an additional copy.) If the farmland on which the credit is based was purchased or sold during the year, only the buyer must attach a copy of the 2000 property tax bill(s); however, both the buyer and seller must attach a copy of the closing agreement relating to the sale. If any of the 2000 property tax bills show unpaid prior year taxes, enclose a statement signed by your county treasurer indicating the date the 1999 property taxes were paid in full.

### Line 64 Amount you overpaid

Is line 63 more than line 55? If so, subtract line 55 from line 63 and fill in the difference on line 64. This is the amount you overpaid.

### Line 65 Refund

Fill in on line 65 the amount from line 64 that you want refunded to you. Amounts less than \$1 cannot be refunded.

**Note** If you are divorced, see item 6 on page 28. You may be required to attach a copy of your judgment of divorce to your return.

### Line 66 Amount applied to 2001 estimated tax

Fill in on line 66 the amount, if any, of the overpayment on line 64 you want applied to your 2001 estimated tax.

If you are married filing a joint return, we will apply the amount on line 66 to your joint estimated tax. If you are married filing a separate return, we will apply the amount on line 66 to your separate estimated tax.

### Line 67 Amount you owe

Is line 55 more than line 63? If so, subtract line 63 from line 55 and fill in the difference on line 67. This is the amount you owe with your return. If you owe less than \$1, send in your return but do not pay the tax. If you owe \$1 or more with your return, you can pay by check or money order made payable to the Wisconsin Department of Revenue. Write your social security number on your check or money order. Paper clip it to the front of your Form 1NPR.

If you cannot pay the full amount shown as due on your tax return when you file, you may ask to make installment payments to the Department of Revenue. Due to additional fees and interest charges related to installment agreements, it is the department's policy to not enter into formal payment arrangements until after a bill is issued by the department and the due date on that assessment has passed. It is generally to your advantage to pay your liability in full rather than in installments. Installment agreements with the department are subject to a \$20 installment agreement fee. In addition, bills not paid in full by the due date become liable for additional interest of 18% per year and a delinquent tax collection fee of the greater of \$35 or 6 1/2 percent of the unpaid amount. For more information concerning payments and to obtain the Installment Agreement Request Form (Form A-771), consult the Department of Revenue web site at [www.dor.state.wi.us](http://www.dor.state.wi.us)

**Note** Failure to pay your Wisconsin individual income tax may result in certification of your unpaid liability to the Treasury Offset Program. Federal law authorizes the U.S. Department of

*Line 67 instructions – continued*

Treasury to reduce, or offset, any federal income tax refunds payable to you by the Internal Revenue Service (IRS) to satisfy unpaid state income tax debts. Any unpaid liability will remain eligible for this offset until it is paid.

### ■ Line 68 Underpayment interest

You may owe underpayment interest if:

- Line 67 is at least \$200 and it is more than 10% of the tax shown on your return, or
- You did not pay enough estimated tax by any of the due dates. This is true even if you are due a refund.

The “tax shown on your return” is the amount on line 50 plus the amount on line 52, minus the amounts on lines 58 through 62.

**Exceptions** You will not owe underpayment interest if your 1999 tax return was for a tax year of 12 full months (or would have been had you been required to file) AND **either** of the following applies:

1. You had no tax liability for 1999 and you were a Wisconsin resident for all of 1999, or
2. The amounts on lines 56 and 57 on your 2000 return are at least as much as the tax shown on your 1999 return. Your estimated tax payments for 2000 must have been made on time and for the required amount.

The tax shown on your 1999 return is the amount on line 48 of 1999 Form 1NPR minus the amounts on lines 55 through 59.

### Figuring the underpayment interest

If the **Exceptions** above do not apply, see Schedule U to find out if you own underpayment interest. If you do, you can use the schedule to figure the amount. In certain situations, you may be able to lower your underpayment interest. For details, see the instructions for Schedule U. Fill in the underpayment interest from Schedule U on line 68. Add the amount of the underpayment interest to any tax due and fill in the total on line 67. If you are due a refund, subtract the underpayment interest from the overpayment you show on line 64. Attach Schedule U to your Form 1NPR.

■ **Sign and date your return** Sign and date your return in the space provided on page 3. Form 1NPR is not considered a valid return unless you sign it. Your spouse must also sign if it is a joint return. Keep a copy of your return for your records.

■ **Assembling your return** Attach the following to Form 1NPR in the following order:

1. **Payment** – If you owe \$1 or more with your return, paper clip your payment to the front of Form 1NPR.
2. **W-2s and 1099s** – Staple the appropriate copy of each of your withholding statements (Forms W-2, W-2G, 1042S, 1099-G, 1099-R, and 1099-MISC) to page 3 of Form 1NPR.

3. **Wisconsin Schedules** – Copies of appropriate Wisconsin schedules and supporting documents, such as Schedule H (homestead credit) or Schedule FC (farmland preservation credit).

4. **Federal return** – A complete copy of your federal return (Form 1040, 1040A, 1040EZ, 1040NR, or 1040NR-EZ or your TeleFile Tax Record) and its supporting schedules and forms. If you itemize deductions on your federal return but do not claim the itemized deduction credit on your Wisconsin return, you do not have to attach federal Schedule A.

5. **Extension form or statement** – A copy of your federal extension application form or required statement if you are filing under an extension of time to file.

6. **Divorce decree** –

- *Persons divorced after June 20, 1996, who compute a refund* – If your judgment of divorce apportions any tax liability owed to the Department of Revenue to your former spouse, attach a copy of the judgment to your Form 1NPR and write “Divorce decree” in the space below line 55. This will prevent your refund from being applied against such tax liability.
- *Persons divorced who are filing a joint return* – If your judgment of divorce apportions any refund to you or your former spouse, or between you and your former spouse, the department will issue the refund to the person(s) to whom the refund is awarded under the terms of the divorce. Attach a copy of the portion of your judgment of divorce that relates to the apportionment of the tax refund to your Form 1NPR. Write “Divorce decree-apportion refund” in the space below line 55.

7. **Injured spouse** – If you are filing federal Form 8379, Injured Spouse Claim and Allocation, attach a copy to your Wisconsin return and write “Form 8379” in the space below line 55 of Form 1NPR.

■ **Where to file** Mail your return to the Wisconsin Department of Revenue:

<i>(if tax is due)</i>	<i>(if refund or no tax due)</i>	<i>(if Schedule H attached)</i>

■ **Penalties for not filing returns or filing incorrect returns**

If you do not file an income tax return which you are required to file, or if you file an incorrect return due to negligence or fraud, penalties and interest may be assessed against you. The interest rate on delinquent taxes is 18% per year. Civil penalties can be as much as 100% of the amount of tax not reported on the return. Criminal penalties for failing to file or filing a false return include a fine up to \$10,000 and imprisonment.

**Effect of Wisconsin law change for 1999**

If you made Schedule I adjustments on your 1999 Wisconsin income tax return, you may now be required to file an amended return for 1999.

The instructions for the 1999 Form 1NPR stated that changes to federal law enacted during 1999 did not apply for Wisconsin purposes. However, Wisconsin law was subsequently amended to provide that changes made to federal law during 1999 also apply for Wisconsin for 1999.

If you made Schedule I adjustments for any of the federal law changes enacted in 1999, file an amended 1999 return anytime within 4 years of the unextended due date of your 1999 return.

**Exception** Amended returns cannot be filed to deduct the 50% exclusion for gain from the sale or exchange of qualified small business stock. Wisconsin law specifically provides that this item cannot be used for Wisconsin tax purposes.

**Were you audited by the Internal Revenue Service?**

If any of your federal income tax returns were adjusted by the Internal Revenue Service and the adjustments affect your Wisconsin income, a Wisconsin credit, or tax payable, you must notify the department of such adjustments within 90 days after they become final. A copy of the final federal audit report must be submitted to the Department of Revenue by either:

- (1) Including it with an amended Form 1NPR that reflects the federal adjustments, or
- (2) Mailing the copy to:  
 Wisconsin Department of Revenue  
 Audit Bureau  
 PO Box 8906  
 Madison WI 53708-8906.

**Are you amending your federal return or other state return?**

If you filed an amended return with the Internal Revenue Service or another state and the changes on such return affect your Wisconsin income, a Wisconsin credit, or tax payable, you must file an amended Wisconsin return with the Department of Revenue within 90 days.

**How is an amended return filed?**

If you filed your original return on Form 1NPR and then find that you made an error, fill in another Form 1NPR. Write "AMENDED RETURN" at the top of your corrected Form 1NPR. Fill in lines 1 through 63 using the corrected amounts of your income, deductions, and credits.

Figure the amount to fill in on line 64 or line 67 of your amended Form 1NPR using the worksheet in the next column.

On line 66, fill in the amount of your overpayment that you want to apply to your 2001 estimated tax. If you file your amended return during 2001, you may increase or reduce this amount. For more information, call the Estimated Tax Unit at (608) 266-9941.

Sign and date your amended return in the space provided on page 3. Your spouse must also sign if it is a joint return.

Attach to your amended Form 1NPR an explanation of the changes you made and the reasons for those changes. Also attach a copy of your worksheet showing how you figured your additional refund or additional amount owed. If you owe an additional amount, attach your check or money order, made payable to the Wisconsin Department of Revenue.

**Who must pay estimated tax?**

If your 2001 Wisconsin income tax return will show a tax balance due to the department of \$200 or more, you must prepay your 2001 tax in installments beginning April 16, 2001, using Form 1-ES. For example, you may have a tax balance due with your return if you have income from which Wisconsin tax is not withheld. If you don't make required estimated tax payments, you may be charged interest. For more information, contact our Estimated Tax Unit at (608) 266-9941 or any Department of Revenue office.

If you must file Form 1-ES for 2001 and don't receive the form in the mail, contact any Department of Revenue office.

**Do you qualify for historic rehabilitation credits?**

Any individual who has received certification or approval of a project from the State Historical Society of Wisconsin may be eligible for the credits. Credits attributable to a partnership or tax-option (S) corporation pass through to the partners or shareholders (see Schedule 3K-1 or 5K-1). Credits may also be allocated to beneficiaries of estates and trusts (see Schedule 2K-1).

If you qualify to claim the historic rehabilitation credits, complete Wisconsin Schedule HR. Add the total amount of your historic rehabilitation credits from Schedule HR to the amount which would otherwise be reported on line 43 of Form 1NPR. In the space above line 43, write "HR." Attach Schedule HR and the required certification to Form 1NPR.

**Exception** If you are only claiming historic rehabilitation credits which are passed through from an estate or trust, partnership, or tax-option (S) corporation, you do not have to complete Schedule HR. Add the total historic rehabilitation credits from your Schedule 2K-1, 3K-1, or 5K-1 to the amount which would otherwise be reported on line 43 of Form 1NPR. In the space above line 43, write "HR/K-1." Attach a copy of your Schedule 2K-1, 3K-1, or 5K-1 to your Form 1NPR.

**Note** If you are required to repay all or a portion of a historic rehabilitation credit claimed in a previous year, add the amount you must repay to the amount which would otherwise be reported on line 54 of Form 1NPR. Write the amount of the repayment and the words "Repayment – HRC" next to line 54.

**Do you qualify for development zones credit?**

Special tax credits may be available for persons doing business in Wisconsin development zones.

The Wisconsin Department of Commerce administers the development zones program. Any individual conducting business in a development zone who has been certified by the Department of Commerce may be eligible for the credit. Credit attributable to the business operations of a partnership or tax-option (S) corporation pass through to the partners or shareholders (see Schedule 3K-1 or 5K-1). Credit may also be allocated to beneficiaries of estates and trusts (see Schedule 2K-1).

If you qualify to claim the development zones credit, complete Wisconsin Schedule DC.

To claim the development zones credit, add the amount of your development zones credit from Schedule DC to the amount of your married couple credit which would otherwise be reported on line 47 of Form 1NPR. Fill in the total on line 47 of Form 1NPR. In the space to the left of line 47, write "Schedule DC."

**Note** If you are required to recapture development zones investment credit (see Schedule DC), add the increase in tax due to the recapture of the investment credit to the amount which would otherwise be reported on line 54 of Form 1NPR. Write the amount of the recapture and "DC" next to line 54.

**Do you need a copy of your Wisconsin return from a prior year?**

The Department of Revenue will provide copies of your returns for prior years for a fee of \$5 per return. Requests must be made in person or in writing. Please call (608) 267-1266 for further information.

WISCONSIN SCHOOL DISTRICT NUMBER

Appearing below is an alphabetical listing of Wisconsin school districts. *Full-year and part-year residents* – refer to this listing and find the number of the district in which you lived on December 31, 2000. If you moved out of Wisconsin during 2000, fill in the number of the school district in which you lived before moving. Fill in this number in the name and address area of your return. Failure to include your school district number may delay the processing of your return and any refund due. *Nonresidents* – don't fill in this line.

The listing is divided into two sections. **SECTION I** lists all districts which operate high schools. **SECTION II** lists those districts which operate schools having only elementary grades.

Your school district will generally be the name of the municipality where the public high school is located which any children at your home would be entitled to attend. However, if such high school is a "union high school," refer to **SECTION II** and find the number of your elementary district.

The listing has the names of the school districts only to help you find your district number. Don't write in the name of your school district or the name of any specific school. Fill in only your school district's number on the school district line in the name and address area of your return. For example:

1. If you lived in the city of Milwaukee, you will fill in the number 3619 on the school district line.
2. If you lived in the city of Hartford, you would refer to **SECTION II** and find the number 2443, which is the number for Jt. No. 1 Hartford elementary district.

The following are other factors to consider in determining your school district number:

1. If you lived in one school district but worked in another, fill in the district number where you lived.
2. If you were temporarily living away from your permanent home, fill in the district number of your permanent home.

**Note** If you can't identify your school district, contact your municipal clerk or local school for help.
